 DRILLING PERMIT

Permit number 47-001-2088 Date June 19, 19 84

This permit covering the well operator and well location shown below is evidence of permission granted to drill in accordance with the pertinent legal requirements subject to the conditions contained herein and on the reverse hereof. **Notification must be given to the District Oil and Gas Inspector, (Refer to No. 8) Prior to the construction of roads, locations and pits for any permitted work.** In addition, the well operator or his contractor shall notify the proper district oil and gas inspector 24 hours before actual permitted work has commenced.)

The permitted work is as described in the Notice and Application, plat, and reclamation plan, subject to any modifications and conditions specified on the reverse hereof.
 Permit expires June 19, 1986 unless well work is commenced prior to that date and prosecuted with due diligence.

TO THE PERSON(S) NAMED ABOVE: You should have received this Form and the following documents:
(1) The Application for a Well Work Permit on Form IV-2(B) (or Form IV-4 if the well is to be plugged, which sets out the parties involved in the drilling or other work, and describes the well and its location and, if applicable, the proposed casing and cementing program;
(2) The plat (surveyor's map) showing the well location on Form IV-6; and
(3) The Construction and Reclamation Plan on Form IV-9 (unless the well work is only to plug a well), which sets out the plan for erosion and sediment control and for reclamation for the site and access road.

THE REASON YOU RECEIVED THESE DOCUMENTS IS THAT YOU HAVE RIGHTS REGARDING THE APPLICATION WHICH ARE SUMMARIZED IN THE "INSTRUCTIONS" ON THE REVERSE SIDE OF THE COPY OF THE APPLICATION (FORM IV-2(B) OR FORM 4, DESIGNATED FOR YOU. HOWEVER, YOU ARE NOT REQUIRED TO TAKE ANY ACTION AT ALL.

Take notice that under Chapter 22 of the West Virginia Code, the undersigned well operator proposes to file or has filed this Notice and Application and accompanying documents for a Well Work Permit with the Administrator of the Office of Oil and Gas, West Virginia Department of Mines, with respect to a well at the location described on attached Application and depicted on attached Form IV-6. Copies of this Notice, the Application, the plat, and the Construction and Reclamation Plan have been mailed by registered or certified mail or delivered by hand to the person(s) named above (or by publication in certain circumstances) on or before the day of mailing or delivery to the Administrator.

6) EXTRACTION RIGHTS
Check and provide one of the following:
 Included is the lease or leases or other continuing contract or contracts by which I hold the right to extract oil or gas.
 The requirement of Code 22-4-1-(c) (1) through (4). (See reverse side for specifics.)
7) ROYALTY PROVISIONS
Is the right to extract, produce or market the oil or gas based upon a lease or leases or other contract or contracts providing for flat well royalty or any similar provision for compensation to the owner of the oil or gas in place which is not inherently related to the volume of oil or gas so extracted, produced or marketed? Yes No
If the answer above is No, nothing additional is needed. If the answer is Yes, you may use Affidavit Form IV-60.

CONCERNING THE LINE ITEMS:

- 1) Date of Notice.
- 2) Your well name and number.
- 3) To be filled out by the Office of Oil & Gas.
- 4) & 5) Use separate sheet if necessary.
- 4) Surface owner(s) of record to be served with Notice and Application. However, see also Code § 22-4-1b(b) if "more than three tenants in common or other co-owners of interest described in subsection (a) of this section hold interests in such lands".
- 5(i) "Coal Operator" means any person, firm, partnership, partnership association or corporation that proposes to or does operate a coal mine.
- 5(ii, iii) See Code § 22-4-20.
- 6) See Code § 22-4-11(c). However, in lieu of filing the lease(s) or other continuing contract(s), the Applicant may fill out the information in the space provided below.
- 7) See Code § 22-4-11(d, e).

CONCERNING THE REQUIRED COPIES FOR FILING AND SERVICE:

Filing. Code § 22-4-1k and Regulation 7.02 provide that the original and required copies of the Notice and Application must be filed with the Administrator, accompanied by (i) a plat in the form prescribed by Regulation 11, (ii) a bond in one of the forms prescribed by Regulation 12, or in lieu thereof the other security allowed by Code § 22-4-1k(d) and the reclamation required by Code § 22-4-12b and Regulation 23, (iv) unless previously paid on the same well, the fees required by Code § 22-4-1a(c) and 22-3-12a, and (v) if applicable, the consent required by Code § 22-4-8a from the owner of any water well on dwelling within 200 feet of the proposed well.

Service. In addition, service must be made on the surface owner(s) and the person(s) with an interest in the coal. See Code §§ 22-4-1m, 22-4-2, 22-4-2a, and 22-4-2b.

INFORMATION SUPPLIED UNDER CODE § 22-4-11(d)
IN LIEU OF FILING LEASE(S) AND OTHER CONTINUING CONTRACT(S)

Under the oath required to make the verification on the obverse side of this Notice, I depose and say that I am the person who signed the Notice for the Applicant, and that--

- (1) the tract of land is the same tract described in the Application to which this Notice applies, partly or wholly depicted in the accompanying plat, and described in the Construction and Reclamation Plan;
- (2) the parties and recordation data (if recorded) for lease(s) or other continuing contract(s) by which the Applicant claims the right to extract, produce or market the oil or gas are as follows:

The law requires a comment period for surface owners. However, the permit can be issued in less than 15 days from the filing of the Application if the surface owner(s) of record sign(s) the following "Voluntary Statement of No Objection" on a facsimile of this surface owner's copy of the Application.

VOLUNTARY STATEMENT OF NO OBJECTION

I hereby state that I have read the instructions to surface owners on the reverse side of this Application for a Well Work Permit, and that I have received copies of (1) a Notice of Application for a Well Work Permit on Form IV-2(A), (2) an Application for a Well Work Permit on Form IV-2(B), (3) a survey plat on Form IV-6, and (4) a Construction and Reclamation Plan on Form IV-9, all for proposed well work on my surface land as described therein.

I further state that I have no objection to the planned work described in these materials, and I have no objection to a permit being issued based on those materials.

**INSTRUCTIONS TO SURFACE OWNERS
AND
EXPLANATION OF METHODS AND TIME LIMITS TO COMMENT
ON OIL AND GAS WELL WORK PERMIT**

The well operator named in the Notice and this Application and the attached materials is applying for a permit from the State to do oil or gas well drilling or other well work. You are being served with these materials because surface owners have the right to file comments before the permit is issued. (NOTE: If the surface tract is owned by more than three persons, in multiple heirship for example, then these materials were served on you because your name appeared on the Sheriff's tax ticket on the land or because you actually occupy the surface tract. In either case, you may be the only owner who will actually receive these materials.) See Chapter 22, Article 4 of the W. Va. Code. Permits are valid for 24 months.

If you do not own any interest in the surface tract, please forward these materials to the true owner immediately if you know who it is. Also, please notify the well operator named in the materials and the Administrator of the Office of Oil and Gas in the West Virginia Department of Mines immediately.

NOTE: You are not required to file any comment at all.

Where to file comments and obtain additional information:

Administrator of the Office of Oil and Gas
West Virginia Department of Mines
1615 Washington Street East
Charleston, West Virginia 25311
(304) 348-2057

Who may file comments? If you wish to file comments, you must be an owner of record of (1) an interest in the surface tract on which the well already is or is about to be located, or (2) an interest in any other surface tract under the same oil or gas lease which will be utilized for roads or other land disturbances.

Time limits for comments. The law requires these materials to be delivered on or before the date the operator files his Application. You have **FIFTEEN (15) DAYS** after the filing date to file your comments as provided in **Methods for Filing Comments** below. You may call the Administrator's office at the above telephone number to be sure of the date. However, if you have been contacted by the well operator, and if you have signed a "voluntary statement of no objection" to any of the planned work described in these materials, then the permit may be issued at any time.

Comments must be in writing. Your comments must include your name, address and telephone number, the well operator's name and well number, and the approximate location of the proposed well site including district and county from the application. You may add other documents, such as sketches, maps or photographs to support your comments.

Methods for filing comments. Comments must be filed in person or received in the mail at the Administrator's office by the time stated above. Check with your postmaster to ensure adequate delivery time or to arrange special expedited handling.

The Administrator for Oil and Gas has the power to deny or condition a well work permit based on your comments on the following grounds:

- "(1) The proposed well work will constitute a hazard to the safety of persons; or
- "(2) The plan for soil erosion and sediment control is not adequate or effective; or
- "(3) Damage would occur to publicly owned lands or resources; or
- "(4) The proposed well work fails to protect fresh water sources or supplies."

If you want a copy of the permit as it is finally issued, or a copy of the order denying the permit, you should request a copy from the Administrator.

List of Water Testing Laboratories. The Administrator maintains a list of water testing laboratories which you can hire to test your water to establish water quality prior to and after drilling. Contact the Administrator's office or an Oil and Gas Inspector to obtain a copy of the list.

ACCESS ROAD	SLOPE	CROSS DRAIN SPACING
500'	5%	135'
500'	6%	135'
350'	2%	250'
1350' TOTAL ACCESS ROAD		

Comments: Access to the well site will be gained by maintaining approximately 1350' of access road, beginning at a junction point in the Barbour County Route 92/17. The access road will be sloped at 2-3% towards the open ditch. All outlets of drainage structures and ditches will be to stable areas. The well location will be located in a flat cleared area. All brush and timber will be removed from the area to be disturbed prior to any earth moving activities. The road and well site will be brought to desired grade with erosion control structures being installed in conjunction with the grading. Natural vegetation (filter strip) will remain undisturbed in areas between construction and natural water courses.

All cuts 2:1 slope or less. Recommend topsoil to be stockpiled & 12" min culverts at all natural drains

AFFIDAVIT

I, Samuel J. Cann, having been first sworn according to law, state that I have calculated the percentage of footage of the producing interval which is not Devonian Shale as indicated by a Gamma Ray index of less than 0.7 if a Gamma Ray log described in subparagraph (3)(i) or (3)(ii)(A) has been filed, or as indicated by the report described in subparagraph (3)(ii)(B); I have demonstrated that the percentage of potentially disqualifying non-shale footage is equal to or less than five (5) percent of the gross Devonian age interval; and I have no knowledge of any information not described in the application which is inconsistent with a conclusion that the well qualifies as a high-cost natural gas well.

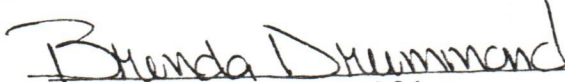

Samuel J. Cann, V. P. Land and Contracts

AFFIDAVIT

I, Samuel J. Cann, having been first sworn according to law state that surface drilling of the well for which this determination is sought was begun on or after February 14, 1977; the well satisfies applicable state or federal well spacing requirements and the well is not within a proration unit, in existence at the time surface drilling began, which was applicable to the reservoir from which gas is or will be produced and which applied to any other well producing gas in commercial quantities or on which surface drilling began on or after February 14, 1977, and which was capable of producing gas in commercial quantities. I state, further, that I have concluded, to the best of my information, knowledge and belief, that the well for which this determination is sought is a new onshore production well and that I am not aware of any information not described in the application which is inconsistent with this conclusion.

OIL AND GAS LEASE

THIS AGREEMENT, made and entered into this 10th day of May, 1984, by and between ROBERT WHITIS and EVELYN WHITIS, his wife, hereinafter called Lessors, and ROBERT WHITIS and JAMES A. VARNER, dba Vartis Associates, c/o Route 2, Box 133, Bristol, West Virginia, 26332, hereinafter called Lessee.

WITNESSETH, that Lessors, for and in consideration of the sum of One Dollar (\$1.00) to them in hand paid by Lessee, the receipt of which is hereby acknowledged, and of covenants and agreements hereinafter contained on the part of Lessee to be paid, kept and performed, have granted, demised, leased and let and by these presents do grant, demise, lease and let unto Lessee, for their exclusive possession and use, including their heirs, successors or assigns, for the purpose of exploring and operating for, producing and marketing oil and gas, natural gasoline, casing head gas, condensate, related hydrocarbons, and all other related products, including the building of roads, laying pipelines, installation of meters and installing equipment thereon to take care of such products, all that certain tract or parcel of land situate in Barker District, Barbour County, West Virginia, containing 170 acres, more or less, excepting and reserving, however, all of the area within the drainage basin of the existing well on said property, said drainage basin being a circular area 1,500 feet in radius, with the existing well at the center thereof, which said well site is presently leased to Continental Reserves 1980-C, a Pennsylvania limited partnership, by virtue of an agreement entered into by and between Robert Whitis and Evelyn Whitis, his wife, and Continental Reserves 1980-C, which said agreement is dated May 4, 1984, and will be recorded hereinafter in the office of the Clerk of the County Commission of Barbour County, West Virginia.

It is agreed that the term of this lease shall be from the date of the execution hereof until the 31st day of December, 1984. In the event that the Lessee has drilled two wells upon the subject property by December 31, 1984, the first of such wells to be completed not later than the 30th day of July, 1984, then and in that event the term hereof shall extend until the 31st day of December, 1985. In the event that two additional wells have been drilled upon the said property by the Lessee by the 31st day of December, 1985, then and in that event the term of this lease shall extend for a four-year period from the date the fourth well is drilled. In the event that Vartis Associates shall have drilled three wells by the 31st day of December, 1984, then and in that event it shall only have the obligation to drill one well by the end of calendar year 1986 and the extension to the primary term hereinabove described shall be for four consecutive years from the date the fourth well is drilled. The Lessee, Vartis Associates, covenants and agrees that as a further consideration for the leasehold interest conveyed herein that it will promptly permit each available well location and that it will maintain the permits in full force and effect until such time as the said leasehold estate is fully developed. Vartis Associates also covenants and

RECEIVED

OIL & GAS DIVISION
DEPT. OF MINES

E-1
agrees that it will drill the perimeter well sites first so as to prevent a space-out of the perimeter well sites by drilling on adjacent properties.

In the event that Vartis Associates fails to extend the basic term hereof or any extension term hereof by drilling the required wells described in the foregoing paragraph, then and in that event Vartis Associates shall promptly surrender the balance of the leasehold estate unto Lessors, maintaining in full force and effect only the drainage area from each existing well drilled by Vartis Associates upon the said leasehold estate. Said drainage area for each such well shall be deemed to be a circular area 1,500 feet in radius, with the existing well at the center thereof.

In consideration of the premises, Lessee covenants and agrees: 1st--to deliver to the credit of Lessors, their heirs, successors, or assigns, free of cost, a royalty equaling their proportionate share of one-eighth (1/8) part of all oil produced and saved from the leased premises; 2nd--to pay their proportionate share of one-eighth (1/8) of the value at the well of the gas from each and every gas well drilled on said premises, the product from which is marketed and used off the premises; said gas to be measured by meters and said payments to be made by party of second part, by check, mailed to last reported address, to the parties of the first part, their heirs or assigns, and payable monthly within ten days of the receipt of said money from the sale of said products; 3rd--to pay "shut-in" royalty, on each date that royalty otherwise would be due as hereinabove provided, based on \$300.00 per well per year, for each well producing gas only when the gas from such well is not sold, marketed or used off the premises for thirty (30) days or more beyond the designated pay period, and upon such payment it will be considered that gas is being produced in paying quantities.

Lessee shall not be required in any event to increase the rate of said gas well payments or said royalty of oil by reason of any royalty or interest in said oil or gas that may have been heretofore sold, reserved or conveyed by Lessors or their predecessors in title or otherwise, and any such outstanding royalty or interest shall first be deducted from the royalties and rentals above provided to be paid or delivered.

If Lessors own the surface over any part of the leased premises, then Lessors reserve the right to take 300,000 cubic feet of gas per annum for domestic use on said land; or, if Lessors do not own any part of said surface, Lessee may, at its option and free of any charge from Lessors, allow the parties owning said surface to use said 300,000 cubic feet of gas per annum for domestic purposes in one dwelling house only on said land. Said gas shall be taken and used wholly at user's own risk free of charge in safe and proper pipes and appliances, and said domestic gas user shall furnish and install, at their expense, the necessary regulating equipment and pipeline for the safe use of same. Lessee shall provide a connection for said pipeline at a producing gas well on said leased premises, or, at Lessee's option, at a point on Lessee's pipeline leading from said well. All gas used in excess of the

E-8

above stated amount in any one calendar year shall be paid for by the user of same at a fair domestic rate. All gas so taken and used shall be subject to the use, operation and right of abandonment of the well and pipeline by Lessee, and Lessee shall not be held liable for any accident or damage caused by the use of such gas, nor shall Lessee be liable for any shortage or failure in the supply of gas for said domestic use. In the event that the surface hereof is hereinafter subdivided by Lessors and a dwelling house placed upon a subdivided area containing within the boundaries thereof a gas well, then and in that event the said dwelling house shall receive 300,000 cubic feet of gas per annum in the same fashion as set forth above. In no event and under no circumstance shall any well be required to service more than one dwelling house with free gas.

Lessee covenants and agrees to locate all wells so as to interfere as little as possible with the cultivated portion of the hereinabove described tract or parcel of land; and it is agreed that the leased premises may be fully and freely used by Lessors for farming purposes, except such parts as are used by Lessee in operating hereunder.

Lessee covenants and agrees to pay to the Lessors their proportionate share of the rental in the amount of Fifty Dollars (\$50.00), in advance, beginning 60 days after the receipt of 100% interest, but not after the date an oil or gas well is drilled upon the leased premises. Any rental paid for time beyond that date shall be credited upon the first royalty due, and all rentals shall cease after the surrender of this lease as hereinafter provided for. All payments by Lessee hereunder shall be made by check payable and mailed as follows:

Robert Whitis
c/o Coronado Transmission Company
Belington, West Virginia 26250

It is agreed that Lessee is to have the privilege of using sufficient water and gas from said premises to run all machinery necessary for drilling and operating, and all rights of way necessary to develop the premises or remove equipment, etc., and at any time during or after expiration of this lease to remove all machinery, casing, tubing, fixtures and equipment placed on said premises; and further, upon the payment of \$1.00 by Lessee, its successors or assigns to Lessors, their heirs, successors or assigns, said Lessee, its successors or assigns, shall have the right to surrender this lease for cancellation, after which all payments and liabilities, thereafter to accrue under and by virtue of its terms shall cease and terminate, and this lease shall become absolutely null and void.

Lessors agree that the recordation of a deed of surrender in the proper county, and the mailing in the post office of a check, payable as above provided, for said last mentioned sum and all amounts then due hereunder by Lessee, shall be a full surrender and termination of this lease.

All provisions of this lease shall be binding upon the heirs, executors, administrators, successors and assigns of the parties hereto.

E-9

Vartis Associates agrees to transport all gas produced from the total acreage owned by Lessors, gas produced thereon, be it by virtue of the existing lease or by virtue of the lease to Continental Reserves 1980-C.

ASSIGNMENT AGREEMENT

THIS ASSIGNMENT AGREEMENT, made this 22nd day of May, 1984, by and between ROBERT WHITIS and JAMES A. VARNER, dba Vartis Associates, party of the first part, hereinafter called "Vartis," and CHESTERFIELD ENERGY CORPORATION, a West Virginia corporation, party of the second part, hereinafter called "Chesterfield."

WITNESSETH, that for and in consideration of the sum of One Dollar (\$1.00) and other valuable consideration, including a two percent (2%) overriding royalty interest in the oil and gas produced from each and every well drilled upon said leasehold estate hereby assigned, cash in hand paid by Chesterfield to Vartis, the receipt of which is acknowledged, Vartis does hereby assign, transfer and set over unto Chesterfield all of its right, title and interest in and to that certain leasehold estate situate in Barker District, Barbour County, West Virginia, described with more particularity in that certain lease agreement dated May 10, 1984, by and between Robert Whitis and Evelyn Whitis, his wife, parties of the first part, and Robert Whitis and James A. Varner, partners trading and doing business as Vartis Associates, parties of the second part, which said lease is to be placed of record in the office of the Clerk of the County Commission of Barbour County, West Virginia, and which said leasehold estate contains 170 acres, excepting and reserving only that certain lease for one well and its drainage area, being that certain well that is the subject of an agreement dated the 4th day of May, 1984, by and between Robert Whitis and Evelyn Whitis, his wife, and Continental Reserves 1980-C, a Pennsylvania limited partnership, which said agreement is likewise to be placed of record in the said Clerk's office.

Chesterfield agrees to abide by and honor the terms and conditions of the said lease hereby assigned, including but not limited to the prompt payment of all royalties due to the original lessors, and to do all things necessary to keep the said lease in full force and effect. Chesterfield shall indemnify and save harmless Vartis Associates from any claims, demands, suits or other such demands arising out of the performance by Chesterfield of the duties and obligations of said lease agreement. Other than the aforesaid two percent (2%) overriding royalty interest, Vartis reserves no right, title and interest in and to the said leasehold estate.
