	Top.	Bottom.
Sand, Cow Run? (Gas Sand)	1150	1180
Sand, Gas (Salt)	1450	1481
Salt Sand	1640	

Good show of oil in Salt Sand, light in color, 1658-1675'. Second pay looked like 20 to 25-bbl. well, but was not handled right and choked off by water. Salt water, 1681'. Shot with three shells, 20, 30 and 20 qts. with $6\frac{1}{2}$ of anchor. Not enough gas to run a boiler.
