**TO BE NOTIFIED 2 HOURS IN ADVANCE OF PLUGGING OPERATIONS**  
 Gentlemen:

The undersigned well operator is about to abandon the above described well and will commence the work of plugging and abandoning said well on the date inspector is notified (which date shall not be less than five days after the day on which this notice is received, or in due course should be received by the Department of Mines).

This notice is given you in order that your respective representatives may be present at the plugging and filling of said well. You are further notified that whether you are represented or not, the undersigned will proceed as stated, or shortly thereafter, to plug and fill said well in the manner required by Section 10, Article 4, Chapter 22 of the Code and given in detail on the reverse side of this notice, in "Work Order."

This notice is being mailed by registered mail to each of you at the above addresses on the above date.

Very truly yours,

**Thomas Bailey**  
 Well Operator

NOTE: Upon the abandonment of any well drilled prior to June 1, 1929, a plat prepared by a registered engineer, shall be filed with THREE COPIES OF APPLICATION (OC-6) AND "WORK ORDER" AND TWO COPIES OF THE WELL RECORD (OC-10). The map must show the district and county in which the tract of land is located, the name and acreage of same, the name or names of the owners and names of adjacent tracts and the location of the well to be abandoned, determined by survey with the corners and distances of such well from two permanent points or landmarks on said tract, in compliance with Rule 5 of the Rules and Regulations.

NOTE: In case plugging is not commenced within four months from the date of permit, same shall expire and be of no further force or effect.

NOTE: PERMIT IS NOW TRANSFERABLE.

Walter Puggery  
 I talked with Robert Dodd in Charleston.  
 He said you can find each well for 2500 on  
 or a blanket bond for 15000 to cover any  
 number of wells.  
 If you find each well the bond will cost 2500  
 each. You will need a bond for a single well.  
 If you bond on blanket basis it will cost you  
 \$1500 deposit for to see. After the year is up,  
 the company returns most of it to you depending  
 on the number of wells. This will be cheap  
 in the long run.  
 I'll tell the name of owner location of each  
 well.

The blanket bond will be cheaper than the  
 well.  
 Tell me if you need help.  
 Tell out the interest a keep on for yourself.  
 Be sure it is not a rascal.

hereinafter called Assignor), for and in consideration of Eight hundred and 00/100 dollars  
 and other valuable considerations, the receipt whereof is hereby acknowledged, does hereby sell, assign, transfer and  
 set over unto A.W. Bailey

hereinafter called Assignee).  
 interest in and to the oil and gas lease dated March 5, 19 09 from  
Pennsoll United Inc. Assignor  
 to Hugh K. Spencer Assignee  
 recorded in book 93 Page 100 insofar as said lease covers the following described  
 land in Doddridge & Tyler County, State of West Virginia  
 and described as follows:

North by lands of W. H. ... H. L. ... & others  
 East by lands of W. H. ... G. B. ... & others  
 South by lands of W. H. ... W. H. ... & others  
 West by lands of W. H. ... W. H. ... & others

Lease has well # 1 & 5

containing 101 acres, more or less.  
 Subject always, however, to all terms, limitations, rents, royalties and payments in the above described lease con-  
 tained.  
 To have and to hold the same unto the said party of the second part, his heirs and assigns forever.  
 It is the intention of the parties hereto that said lease shall be held by a tenancy in common, and that a partner-  
 ship is not intended to, and shall not be created or established by virtue of this assignment, or any operation subsequent  
 thereto, without the express agreement and consent of the parties.

The party of the second part hereby covenants and agrees to pay the proper pro-rata share of all reasonable ex-  
 penses incurred in the payment of rentals, development, maintenance and operation of the herein described lease as a  
 whole, in accordance with plans adopted and carried out by the owners of a majority interest in the herein described  
 lease.

Dear Mr. Bailey:

Thank you for your letter of February 19, 1975 in which you requested the cancellation of the plugging permit for DODD-1256-A. This is the Charles Smith, et al, C-2 located in West Union District of Doddridge County. We will post our records CANCELLED. Although a permit number was assigned to this location, the permit was never issued.

We are also returning your linen tracing for the B-3, Charles C. Smith, et al, located in West Union District of Doddridge County. We noted the plugging of the B-4 and the C-4.

Again thank you for your response and we will close the file on the C-7 as you requested.

Very truly yours,

*Robert L. Dodd*

file the C-2*

*I am Mr. Dodd.*

*I am sorry to have left you in a dilemma for so long but I had to see around me that accident I had forgot about your letter of 6/24/1974.*

*I have also been test wells plugged.*

*The first one was well no B-4 which was drilled but one drilled. It was drilled in May, 1971 and plugged in Aug, 1972. I could not find my copy of the plugging affidavit but I am sure you have one or file as you ordered the \$100.00 bond had had with you. Enclosed you will find a copy of the plat had used to get the permit. The permit was issued to G. W. Bailey.*

*The second well plugged was well no. C-1. Permit no. DODD-1243 - A having been drilled with out a permit. Enclosed you will find plugging affidavit for same and a plat of its location.*

*Well no. C-2 has not been plugged. I do have a work order you approved Aug 6, 1974. Permit no. DODD-1256A. However, I do not plan to plug this well in the near future, but you will also find a plat of its location.*

*I hope this will give you the information that you wanted.*

*Yours Truly,  
Robert L. Bailey*

*Cancel plugging*

Dear Mr. Bailey:

The attached maps have me in a dilemma. We can't get anything to fit so that we can figure out what has been plugged and what is left.

On Dodd-1617-P the one bearing on the south side - N 51° 30' W seems to be transposed. All other maps show 15° 30' W.

Would you please offer some help to let us know where the wells are located and what has been plugged, under what permit number and return the correct information to us.

Very truly yours,

Robert L. Dodd
