A light gas well in sand at 2432 and the well was finished at
 2475 feet. I can not say that the record is correct but it
 is what the drillers gave us, and it is supposed to be correct.
 Conductor, 13'; 10" casing, 142'; 6-5/8", 1341'. There was no 8"
 casing used because of no water found.
