ss:

Wesley S. Carder

and

Cecil L. Kittle

being first duly sworn according to law depose and say that they are experienced in the work of

plugging and filling oil and gas wells and were employed by Reserve Gas Company well operator, and participated in the work of plugging and filling the above well, that said work

was commenced on the 11 day of April, 19 38, and that the well was plugged and filled in the following manner:

Manner in which sand was plugged: Filled hole with clay to 2606 and placed cement plug. Filled hole with clay to 2372 and placed cement plug. Installed permanent bridge at 1966', and filled with clay to 1846'. Placed cement plug at 1846'. Attempted to remove string of 6-5/8" casing, parted same and pulled out 1146', leaving 690' in hole. Installed bridge at 1520' and filled with clay to 1075'. Placed cement plug at 1075'. Installed bridge and placed cement plug at 319'. Found no 10" Casing in Well. Filled with cement from 319'

Manner in which coal was plugged: to 265' above Pittsburg Coal, continued filling with clay to surface and erected concrete monument over hole.

Description of monument:

Concrete with well number and Company's name on same extending 36" above surface of ground.

(THE ABOVE DESCRIPTION MUST BE IN DETAIL AND IN ACCORDANCE WITH THE PROVISIONS OF SECTION 10, ARTICLE 4, CHAPTER 22 OF THE CODE.)

and that the work of plugging and filling said well was completed on the 5 day of May,

19 38

And further deponents saith not.
