Re: Permit Number Correction for API # 47-049-00416, Murray # 567 (651621) Marion Co., WV

Dear Mr. Smith,

EQT plugged 651621 (Murray # 567) in 2013 using API number 47-049-00412. All the permitting info, survey, well record, prognosis, affidavit, etc. was for 651621 (Murray # 567) except we used the wrong permit number. The correct permit number for the 651621 (Murray # 567) is 47-049-00416.

The permit number used originally, 47-049-00412 is actually for 650551 (Hamilton # 226) which is producing 10-12 mcf/d. I have attached production reporting for this well for the years 2013 – 2015 to bring the well into compliance.

I have also attached the plugging affidavit for 651621, Murray # 567, 47-049-00416 that reflects the correct API number for this well.

As requested I am sending this information via e-mail and hard copy as requested to correct the records that was the result of using an incorrect API number in the past. You and Melamie's help in this matter is greatly appreciated.

Respectfully Submitted,

A handwritten signature in blue ink that reads 'Rex C. Ray'.

Rex C. Ray  
Regional Land Manager

Title: Deputy Assistant Director  
WV Department of Environmental Protection

11/18/2016

**West Virginia Department of Environmental Protection, Office of Oil and Gas.**  
**Form WR-39e "Report of Monthly Production"**

Complete instructions are available on-line, please read them before proceeding:  
<http://www.dep.wv.gov/oil-and-gas/r/r/Pages/default.aspx>

Use this form to report oil, gas, and natural gas liquids production.  
Units are: oil - barrels (42 gallons), gas - MCF (1,000 cubic feet), and NGL - barrels.

A month with no production, whether oil, gas, or NGL, you may entered a 0 (zero), or leave blank. A blank space will register as 0 production.

Reports that are incomplete, or completed incorrectly, will be returned for corrections.

The format of API Well Number is very important. It must be in the format as described in instructions. (ex. 701234, 1701234, or 10901234).

Do not use letters, symbols, dashes, or any characters except numbers in the data fields below.
