## PERMIT MODIFICATION APPROVAL

July 11, 2016

TRANS ENERGY, INC.  
P O BOX 393  
ST. MARYS , WV 26170

Re: Permit Modification Approval for API Number 5101382, Well #: LUCEY 1H

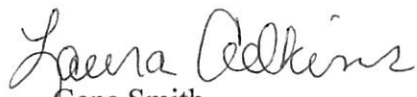

Modified to use existing berm

Oil and Gas Operator:

The Office of Oil and Gas has reviewed the attached permit modification for the above referenced permit. The attached modification has been approved and well work may begin. Please be reminded that the oil and gas inspector is to be notified twenty-four (24) hours before permitted well work is commenced.

Please call James Martin at 304-926-0499, extension 1654 if you have any questions.

Sincerely,

  
Gene Smith  
for Assistant Chief of Permitting  
Office of Oil and Gas

RE: Rework Permits  
Lucey 1H, 47-051-01382  
Lucey 2H, 47-051-01477

Dear Laura:

We received Rework Permits on 5/6/16, for the above wells on the Lucey pad located in Marshall County. These wells are 6A Horizontal wells and were drilled in 2010 and 2011. We will not rebuild the berms and will use the existing berms on this pad, as shown in the As-Built drawings.

Please forward the documentation to reflect this for the permits. We appreciate your attention to this matter.

Sincerely,

Leslie A. Gearhart  
Vice President Operations
