21) EXTRACTION RIGHTS

Check and provide one of the following:

- Included is the lease or leases or other continuing contract or contracts by which I hold the right to extract oil or gas.
 The requirement of Code 22-4-1(c) (1) through (4). (See reverse side for specifics.)

22) ROYALTY PROVISIONS

Is the right to extract, produce or market the oil or gas based upon a lease or other continuing contract or contracts providing for flat well royalty or any similar provision for compensation to the owner of the oil or gas in place which is not inherently related to the volume of oil or gas so extracted, produced or marketed? Yes No

If the answer above is No, nothing additional is needed. If the answer is Yes, you may use Affidavit Form IV-60.

23) Required Copies (See reverse side.)

24) Copies of this Permit Application and the enclosed plat and reclamation plan have been mailed by registered mail or delivered by hand to the above named coal operator, coal owner(s), and coal lessee on or before the day of the mailing or delivery of this Permit Application to the Department of Mines at Charleston, West Virginia.

OFFICE USE ONLY

DRILLING PERMIT

Permit number 47-085-5968

Date October 27, 19 82
04/05/2024

This permit covering the well operator and well location shown below is evidence of permission granted to drill in accordance with the pertinent legal requirements subject to the conditions contained herein and on the reverse hereof. **Notification must be given to the District Oil and Gas Inspector. (Refer to No. 10) Prior to the construction of roads, locations and pits for any permitted work.** In addition, the well operator or his contractor shall notify the proper district oil and gas inspector 24 hours before actual permitted work has commenced.)

Permit expires June 27, 1983 unless drilling is commenced prior to that date and prosecuted with due diligence.

Bond: <u>BLANKET</u>	Agent: <u>OK</u>	Plat: <u>[Signature]</u>	Casing: <u>[Signature]</u>	Fee: <u>2078</u>
----------------------	------------------	--------------------------	----------------------------	------------------

 Administrator, Office of Oil and Gas

NOTE: Keep one copy of this permit posted at the drilling location.

Line Item Explanation

- 1) Date of Application
- 2) Your well name and number
- 3) To be filled out by office of oil & gas
- 4A) "Oil" means natural crude oil or petroleum and other hydrocarbons, regardless of gravity, which are produced at the well in liquid form by ordinary production methods and which are not the result of condensation of gas after it leaves underground reservoirs: "Gas" means all natural gas and all other fluid hydrocarbons not defined as oil.
- 4B) "Shallow well" means any well drilled and completed in a formation above the top of the uppermost member of the "Onondaga Group" or a depth less than six thousand feet, whichever is shallower.
"Deep well" means any well drilled and completed in a formation at or below the top of the uppermost member of the "Onondaga Group" or at a depth less than six thousand feet, whatever is shallower.
- 5) Where well is located
- 6) Before a permit can be issued in a corporation, company partnership, or fictitious name, the name must be registered with the Secretary of State Office
- 7) Use separate sheet if necessary
- 8) Present surface owner at time application is filed.
- 9) Optional
- 11) See Reg. 7.01 relating to code §22-4-1k
- 12) "Coal Operator" means any persons, firm, partnership, partnership association or corporation that proposes to or does operate a coal mine. See Note 24
- 13 & 14) As per §22-4-20; See Note 24
- 15) Work that will be attempted—A separate Form IV-2 shall not be required for fracturing or stimulating a well where fracturing or stimulating is to be part of the work for which a permit is sought and is noted as such on the Form IV-2 filed in connection therewith.
- 16) Anticipated formation for which well will be completed
- 17) Self explanatory
- 18) Depth to deepest freshwater, and shallowest salt water, taken from nearby wells corrected for differences in elevation
- 19) All coal seam depths
- 20) Proposed casing program and cementing refer to Code 22-4-5, 22-4-6, 22-4-7, 22-4-8, 22-4-8a Reg 9.01, 15.01, 15.02, 15.03, 15.04, 25.01, 25.02, 25.03, 25.04
- 21) Code 22-4-11(c) - In lieu of filing the lease or leases or other continuing contract or contracts, the applicant for a permit described herein may file the following:
 - (1) A brief description of the tract of land including the district and county wherein the tract is located;
 - (2) The identification of all parties to all leases or other continuing contractual agreements by which the right to extract, produce or market the oil or gas is claimed;
 - (3) The book and page number wherein each such lease or contract by which the right to extract, produce or market the oil or gas is recorded;
 - (4) A brief description of the royalty provisions of each such lease or contract.
- 22) Code 22-4-11(d) and 22-4-11(e).

23) Regulation 7.02 of the Department of Mines provides that the original and four copies of Form IV-2 must be filed with the Department, accompanied by (i) a plat in the form prescribed by Regulation 11, (ii) a bond in one of the forms prescribed by Regulation 12, or in lieu thereof the other security allowed by Code §22-4-2, (iii) Form IV-9, "Reclamation Plan", applicable to the reclamation required by Code §22-4-12b and Regulation 23, (iv) unless previously paid on the same well, the fee required by Code §22-4-12a, and (v) if applicable, the consent required by Code §22-4-8a from the owner of any water well or dwelling within 200 feet of the proposed well.

24) **The above named coal operator, coal owner(s), and coal lessee are hereby notified that any objection they wish to make or are required to make by Code §22-4-3 must be filed with the Department of Mines within fifteen (15) days after the receipt of this Application by the Department.**

The following waiver must be completed by the coal operator and by any coal owner or coal lessee who has recorded a declaration under Code 22-4-20, if the permit is to be issued within fifteen (15) days of receipt thereof.

DRILLING WAIVER

The undersigned coal operator _____ / owner _____ / lessee _____ / of the coal under this well location has examined this proposed well location. If a mine map exists which covers the area of the well location, the well location has been added to the mine map. The undersigned has no objection to the work proposed to be done at this location, provided, the well operator has complied with all applicable requirements of the West Virginia Code and the governing regulations.

WELL NO. WK-166

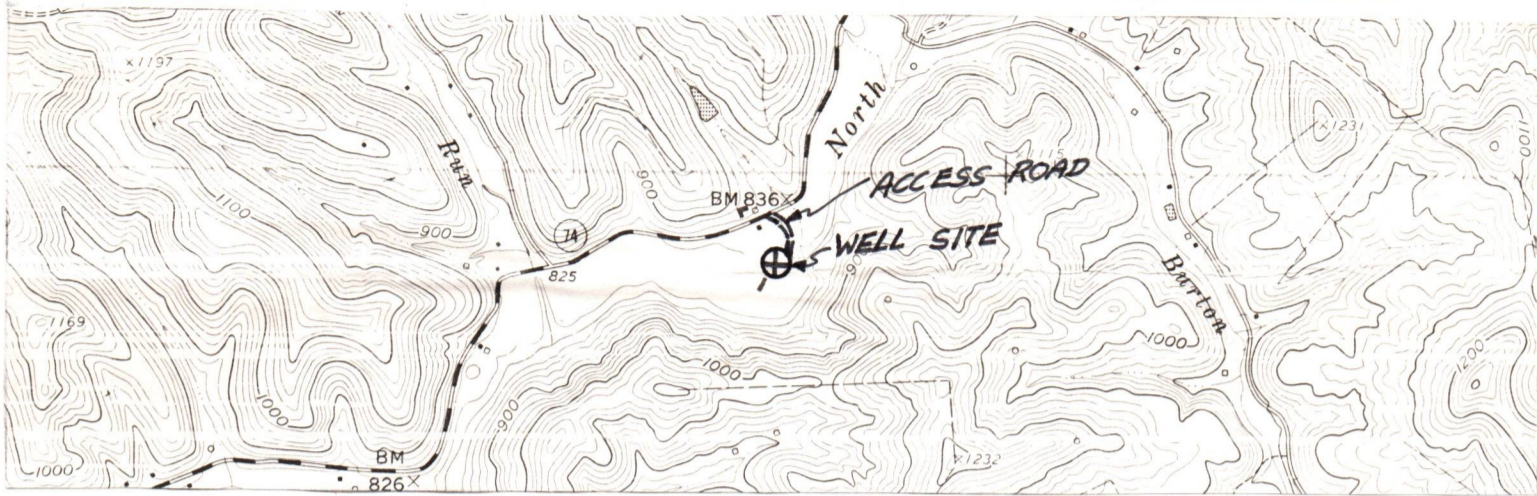

SCALE 1" = 2000'

ATTACH OR PHOTOCOPY SECTION OF
INVOLVED TOPOGRAPHIC MAP.
QUADRANGLE Pennsboro, 7.5'

LEGEND

Well Site 

Access Road 

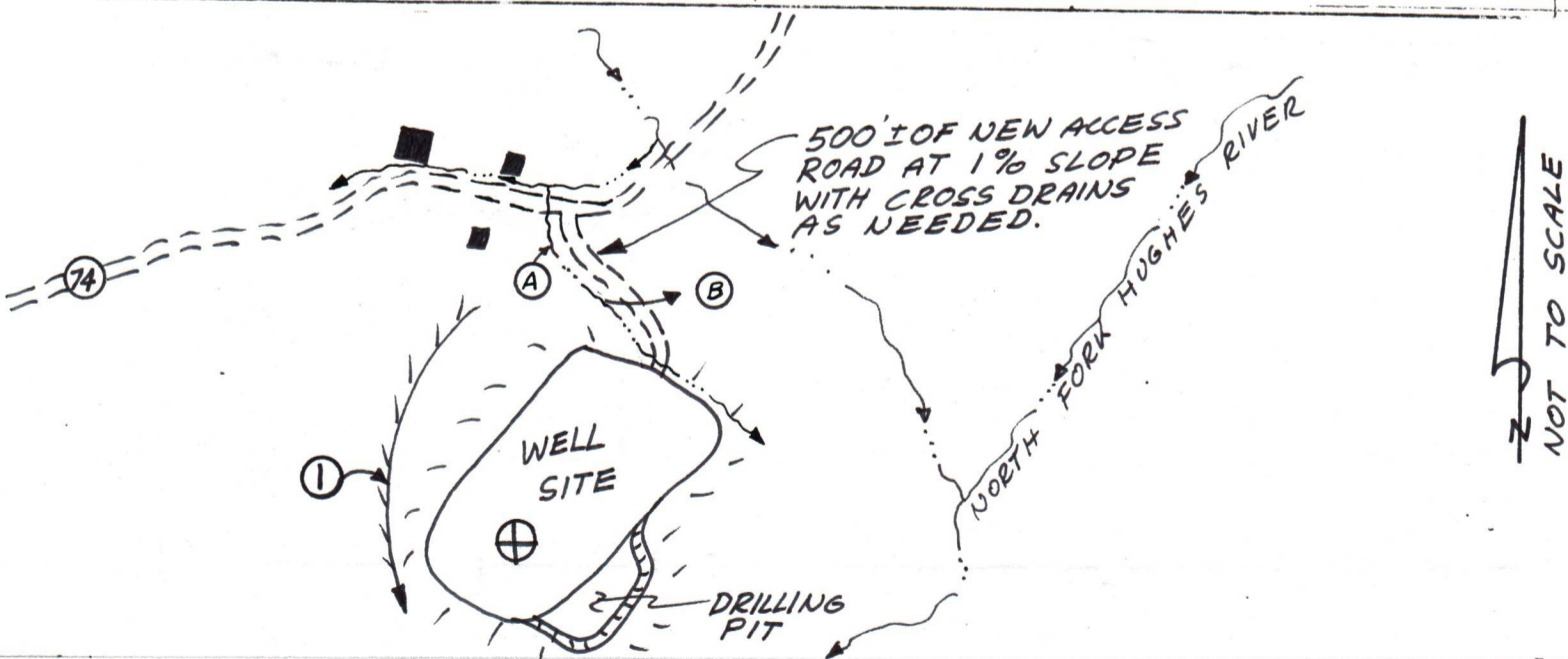

WELL SITE PLAN

Sketch to include well location, existing access road, roads to be constructed, wells, drilling pits and necessary structures numbered or lettered to correspond with the first part of this plan. Include all natural drainage.

LEGEND

Property boundary 	Diversion 
Road 	Spring 
Existing fence 	Wet spot 
Planned fence 	Building 
Stream 	Drain pipe 
Open ditch 	Waterway 

Comments: Access to the well site will be gained by constructing approximately 100 feet of new access road, beginning at a junction point in the Ritchie County Route 74. The access road will be sloped at 2-3% towards the open ditch. All outlets of drainage and ditches will be to stable areas. The well location will be located in a flat cleared area. All brush and timber will be removed from the area to be disturbed prior to any earth moving activities. The road and well site will be brought to desired grade with erosion control structures being installed in conjunction with the grading. Under most conditions, the preceding plan will be followed; however, due to lease restrictions, surface owner request and weather conditions, etc., the plan may be altered. Subsequently, the proper erosion and sediment control measures will be installed. Any major alteration in this plan will be submitted to the District for review.

In Re: Check # 2078
dated 10-22-82

Dear Mr. Queen:

As per our conversation of today I am returning the above captioned check in the amount of \$800.00. Please cancel this check and submit one in the amount of \$ 300.00 to cover the following permits issued on the 27th. of October, 1982, (RIT-5966 - 5967 & 5968)

We are also returning the following applications to drill, plats, and IV'9's for the following wells: WK-167 - WK-168 - WK-169 - WK-170 - WK-171 as per requested.

Please submit the \$ 300.00 check as soon as possible so it can be deposited for this month.

Sincerely,

Charlotte Milam

Gentlemen:

The required records and reports have been received in this office and the District Inspectors have submitted FINAL INSPECTIONS for the following wells listed below:

<u>PERMIT NUMBER</u>	<u>FARM AND WELL NUMBER</u>	<u>DISTRICT</u>
RIT-5631	Richard "TEX" Robertson, #WK-69	Clay
RIT-5632	Harvey K. Haymond, #WK-70	Clay
RIT-5828	Lewis F. Pierce, et ux, #WK-98	Clay
RIT-5966	Billy B. Harper, #WK-164	Clay
RIT-5967	Billy B. Harper, #WK-165	Clay
RIT-5968	Harvey K. Haymond, Jr., #WK-166	Clay
RIT-6049	Harvey K. Haymond, Jr., WK-178	Clay
RIT-6070	Harvey K. Haymond, Jr., WK-179	Clay
RIT-6075	R. T. Robertson, #WK-206	Clay
RIT-6090	Harvey K. Haymond, Jr., #WK-207	Clay

In accordance with Chapter 22, Article 4, Section 2, the above captioned wells will remain under bond coverage for "life of wells." Reclamation requirements have been approved.....

Very truly yours,

Theodore M. Streit, Administrator
 Office of Oil & Gas-Dept. Mines

04/05/2024

THIS MEMORANDUM OF LEASE, Made this 1st day of June, 1981, by and between HARVEY K. HAYMOND and ANNIE B. HAYMOND, his wife, hereinafter referred to as "Lessors," parties of the first part,

AND

KEPCO, INC., a Kentucky corporation, hereinafter referred to as "Lessee," party of the second part.

WITNESSETH: That for and in consideration of the sum of One Dollar (\$1.00), cash in hand paid by Lessee unto Lessors, and other good and valuable consideration, the receipt of all of which is hereby acknowledged, Lessors, by lease of even date herewith, have demised, leased and let unto Lessee all of those certain seven tracts or parcels of land containing 606 acres, more or less, situate in Clay District of Ritchie County, West Virginia, on the waters of the North Fork of the Hughes River, which tract is more particularly shown upon the map which is attached hereto and made a part hereof, for the purpose of drilling and operating for oil and gas for a term of four (4) years from this day and as long thereafter as oil and gas, or either of them, is produced in paying quantities from the above described tracts or parcels of land, or drilling operations are continuously prosecuted, and for such other purposes and upon such other terms and conditions as are more particularly set forth in said lease.

IN WITNESS WHEREOF, the parties of the first part have hereunto affixed their signatures and seals and KEPCO., INC., a Kentucky corporation, has caused these presents to be signed and its corporate seal to be hereunto affixed by its proper officers thereunto duly authorized.

DRAWING

KW-192

THIS AGREEMENT, Made this the 1st day of June, 1981, by and between HARVEY K. HAYMOND and ANNIE B. HAYMOND, his wife, parties of the first part, hereinafter referred to as "Lessors",

AND

KEPCO, INC., a Kentucky corporation, party of the second part, hereinafter referred to as "Lessee".

WITNESSETH: That for and in consideration of the sum One Dollar (\$1.00), cash in hand paid by Lessee unto Lessors, the receipt whereof is hereby acknowledged, and of the covenants and agreements hereinafter contained, Lessors do hereby grant, demise lease and let unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for, the production of oil or gas, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals, all of that certain tract of land situate in Clay District, Ritchie County, West Virginia, on the Waters of the North Fork of the Hughes River, bounded as follows: on the North by lands of Grey Heirs; on the East by lands of Lewis Rodgers, et al.; on the South by lands of Clayton Davis, et al.; on the West by lands of Haddox Run Road and Richard Tex Robertson, et al.; being seven (7) tracts of land containing 606 acres in all, more or less as more fully described in Exhibit A hereof, reserving, however, 250 feet from any dwelling house or 150 feet from any outbuilding i.e. barns now on the premises, on which no well shall be drilled by either party, except by mutual consent. This lease applies separately to each of said seven (7) tracts the same as if they were leased by seven different leases.

I.

Lessors except and reserve the right to lay a pipeline, at Lessors expense, to the nearest well producing gas on the above described land or lands pooled therewith, and to take gas produced from such well to an amount not to exceed two hundred thousand (200,000) cubic feet per year, free of cost, for Lessors' own use for heat and light on said land at Lessors' risk, subject to the use, operation, pumping and right of abandonment of such well by Lessee. Lessors agree that all gas in excess of two hundred thousand (200,000) cubic feet taken and used in each year shall be paid for by Lessors at the same price Lessee pays Lessors for same, that the measurement and regulation thereof shall be by meter and regulators set at the valve on the well; and that such gas so taken shall be used with economy, in safe and proper pipes and appliances, and that Lessors shall subscribe to and be bound by the reasonable rules and regulations of Lessee published at that time relating to such taking and use of gas.

II.

A. Subject to the other provisions herein contained, this lease shall remain in force for a term of four (4) years, (herein called "primary term"), and as long thereafter as oil and gas, or either of them, are produced in paying quantities from the above described land or drilling operations are continuously prosecuted as hereinafter provided. "Drilling operations" includes operations for the drilling of a new well, the reworking deepening or plugging back of a well or hole, or other operations conducted in an effort to obtain or re-establish production of oil or gas; and drilling operations shall be considered to be "continuously prosecuted" if not more than sixty (60) days shall elapse between the completion or abandonment of one well or hole and the commencement of drilling operations on another well or hole. If, at the expiration of the primary term of this lease,

04/05/2024

-2-

RECEIVED

OCT 22 1982

OIL & GAS DIVISION
DEPT. OF MINES

oil or gas is not being produced from the above described land but Lessee is then engaged in drilling operations, this lease shall continue in force so long as drilling operations are continuously prosecuted with diligence and dispatch; and if production of oil or gas results from any such drilling operations, this lease shall continue in force so long as oil or gas shall be produced in paying quantities as herein defined. If, after the expiration of the primary term of this lease, production from the above described land should cease, this lease shall not terminate if Lessee is then prosecuting drilling operations; or within sixty (60) days after each such cessation of production commences drilling operations, then this lease shall remain in force so long as such operations are continuously prosecuted with diligence and dispatch and delay rentals are paid; and if production results therefrom, then as long thereafter as oil or gas is produced in paying quantities from the above described land.

B. The term oil or gas produced in paying quantities is determined to mean a royalty or rental to Lessors of at least Four Dollars (\$4.00) per acre per year, computed quarterly. However, in no event shall the rental paid to supplement the royalty exceed Two Dollars (\$2.00) per acre per year, computed quarterly; and if such event occurs for any two (2) successive calendar quarters, then this lease shall be deemed to have terminated and be of no further force or effect.

C. After June 1, 1991, this agreement shall constitute a valid and subsisting lease only to the depth of the deepest sand or horizon from which oil or gas is then being produced and shall be of no further force or effect as to any deeper sands or horizon.

III.

Lessee shall have during the term of this lease the exclusive right to drill, operate for and produce oil and gas, to conduct geological and geophysical surveys and explorations, as it

04/05/2024

-3-

RECEIVED

OCT 22 1982

OIL & GAS DIVISION
DEPT. OF MINES

sees fit; together also with rights of way and servitudes on, over and through said leased premises for pipelines, structures, plants, drips, tanks, stations, houses for gates, meters and regulators, except employee housing, and all other rights and privileges necessary, incident to and convenient for the economical operation of these leased premises or with other lands with which the same has been unitized or pooled for the production of oil and gas; together also with the right to use oil, gas and water free of cost to Lessee for all such purposes; and with the right of removing either during or within six (6) months after the term hereof, all and any property and improvements placed or located on the premises by Lessee; together also with the right of ingress and egress over said leased premises for any of the aforesaid purposes. The above rights are limited to only those rights possessed by Lessors as described in the various deeds through which Lessors gained title to the leased premises.

IV.

Lessors agree that Lessee shall have the exclusive, full, free and quiet possession of the said leased premises for the purposes and during the term herein set forth. Lessors further agree that Lessee at its option may pay and discharge any mortgages or other liens existing on or against the above described leased premises; and, in the event it exercises such option, it shall be subrogated to the rights of any holder or holders thereof and may reimburse itself by applying to the discharge of any such mortgage or any other lien any royalty or rentals accruing hereunder.

V.

A. In consideration of the premises, Lessee covenants and agrees to deliver to the credit of Lessors, free of cost, in the pipelines or tanks to which it may connect any wells drilled hereunder, the equal one-eighth (1/8) part of all oil produced and saved from said land.

RECEIVED
OCT 22 1982

B. Lessee shall pay Lessors one-eighth (1/8) of the gross field market price for all gas produced and sold from the premises. Such gross field market price shall be at least that price paid in the field area by Consolidated Gas Supply Corporation for gas of similar quality, quantity and vintage.

C. Royalty payments are payable quarterly, exclusive of all transportation, compressor or other charges, until Lessee shall give written notice to Lessors of its intention to abandon any well or wells, and shall in fact plug and abandon the same.

VI.

A. Lessee covenants and agrees to pay and Lessors covenant and agree to accept a rental at the rate of Four Dollars (\$4.00) an acre each year, payable annually in advance, beginning on June 1, 1981, until a well is completed and producing oil or gas in paying quantities, or this lease surrendered; any rental paid for the time beyond the date of sale of gas and/or oil from any such well shall be credited upon the first royalty due upon the same; upon the drilling of a well deemed by Lessee unprofitable to operate or in the event after a profitable well has been drilled by Lessee and it does not desire to market the gas and/or oil from said well or wells, Lessee may continue to hold the leased premises for such further term as Lessee may desire but not exceeding the primary term hereof upon the payment of said rental. It is agreed that Lessee may drill or not drill on said leased premises, as it may elect, and that the consideration and rentals paid and to be paid constitute adequate compensation for such privilege.

B. It is understood by and between the parties hereto that Lessee shall be relieved of the duty to pay delay rentals based on the acreage included in any parcel on which it drills and completes a well, provided any such well yields a royalty to Lessors of at least the amount of delay rental previously paid by Lessee; and if not, Lessee will continue to pay delay rental based upon the acreage of any parcel not protected by a completed well.

RECEIVED
OCT 22 1982

VII.

In the event of a conveyance of all or any part of the leased premises, Lessee may continue to make all payments to Lessors until furnished with a certified copy of any such deed or conveyance or other documents or proof to enable Lessee to identify the land conveyed as being all or part of the leased premises; or on written notice of any such conveyance, may hold all payments until furnished with such copy or other documents and proof, and shall apportion the delay rental, in the event of any division, according to acreage.

VIII.

All payments hereunder may be made direct to Lessors or by check made payable and mailed to Lessors at: Route #2, Box 116, Pennsboro, West Virginia, in care of Harvey K. Haymond, who is hereby appointed agent to receive and receipt for same.

IX.

It is agreed that Lessee, upon the payment of One Dollar (\$1.00) and all amounts due hereunder, shall have the right to surrender this lease as to any tract of land herein leased at any time. Lessee agrees that the recordation of a deed of surrender in the proper county and payment to Lessors of all amounts then due hereunder, shall be and be accepted as full and legal surrender of Lessee's rights under this lease or under the portion surrendered

X.

A. Lessee is granted the right, except for those zones, formations or horizons underlying the leased premises above the depth of 6,000 feet or the top of the Onondaga Horizon, whichever is shallower, from time to time while this lease is in force, to pool into a separate drilling or production unit or units all or any part of the leased premises with other land, lease or leases, or interests therein (whether such other interests are pooled by a voluntary agreement on the part of the owners thereof or by the

04/05/2024

RECEIVED
OCT 22 1982
OIL & GAS DIVISION
DEPT. OF MINES

exercise of a right to pool by the leases thereof), when in Lessee's sound and reasonable judgment it is necessary or advisable in order to promote conservation, to properly develop or operate the land and interests to be pooled, or to obtain a multiple production allowable from any governmental agency having control over such matters. Any pooling hereunder may cover all oil and gas, or any one or more of the substances covered by this lease, and may cover one or more of all leased zones, formations or horizons, except as provided above, underlying all or any portion or portions of the leased premises.

B. None of the seven (7) tracts which comprise the 606 acres herein leased shall be unitized with any other tract unless Lessors own all or part of the oil, gas and minerals in and under such other tract.

C. Any such unit shall not exceed such acreage as may be allowed by law or governmental regulation or order if comprised of one or more zones, formations or horizons lying below the top of the uppermost member of the Onondaga Group, or 6,000 feet, whichever is shallower.

D. The area pooled and the zones or formations and substances pooled shall be set forth by Lessee in a "declaration of pooling" filed for record in the county or counties in which the pooled area is located before the commencement of any well, which declaration of pooling shall constitute a supplement to this lease. Such pooling shall be effective on the date such declaration is filed unless a later effective date is specified in such declaration. In lieu of the royalties elsewhere herein specified, except shut-in gas well royalties, Lessors shall receive on production from an area so pooled, only such portion of the royalties which, in the absence of such pooling, would be payable hereunder to Lessors on production from the land covered by this lease which is placed in the pooled area as the amount of the surface acreage

-7-

04/05/2024
RECEIVED
OCT 22 1982

OIL & GAS DIVISION
DEPT. OF MINES

in the land covered by this lease which is placed in the pooled area bears to the amount of the surface acreage of the entire pooled area taking into account paragraph X.(C.) hereof. Nothing herein contained shall authorize or effect any transfer of any title to any leasehold, royalty or other interest pooled pursuant hereto. The commencement of a well, the conduct of other drilling operations, the completion of a well or of a dry hole, or the operations of a producing well in the pooled area, shall be considered for all purposes (except for royalty purposes) the same as if said well were located on, or such drilling operations were conducted upon, the lands covered by this lease whether or not such well is located upon, or such drilling operations are conducted upon, said lands. Lessee may terminate any pooling effected pursuant hereto at any time the pooled unit is not producing and no drilling operations are being conducted thereon by executing and filing of record in the county or counties in which the pooled area is located a written declaration of the termination of such pooling, provided that the pooling of all interests not covered by this lease which comprises a part of such pooled unit be also terminated in some effective manner.

XI.

In the event that Lessee shall assign any of its right, title and interest in the leasehold estate hereby created to any person, firm or corporation, and reserve unto itself an overriding royalty, then, Lessee shall pay over and deliver unto Lessors twenty-five percent (25%) of any such overriding royalty.

XII.

In the event a well is drilled and completed for production, by whomsoever, within 500 feet of leased premises, Lessee shall, after notified by Lessors in writing, within twelve (12) months after the fracture or other treatment of any such well,

RECEIVED
04/05/2024
OCT 22 1982

OIL & GAS DIVISION
DEPT. OF MINES

commence on leased premises an offset to such well if no such offset currently exists. In the event Lessee does not so commence such offset well, this agreement shall terminate and be of no further force or legal effect unless Lessee has a producing well thereon; and in such event, said producing well shall hold a 500 foot radius around the same and this lease shall be void as to the balance of the acreage in said tract.

XIII.

Lessors shall have the right to approve the location of all roadways constructed on the leased premises, which approval shall not be unreasonably withheld and shall not tend to eliminate any well location.

XIV.

Lessors agree to execute and deliver to Lessee a memorandum of this lease suitable for recording in the Office of the Clerk of the County Commission of Ritchie County, West Virginia.

XV.

In the event of notice of any adverse claim to the leased premises, or to any part of the rentals or royalties, Lessee may withhold payment of the same until the ownership is determined by compromise or by final decree by a court of competent jurisdiction. In the event such funds are withheld by Lessee, the same shall bear interest at Mellon Bank's prime interest rate.

XVI.

Lessee shall pay Lessors for all damages to crops and timber and shall keep and maintain all roads on leased premises used by it concurrently with Lessors in good and usable condition.

XVII.

It is agreed that the entire contract and agreement between Lessors and Lessee is embodied herein, and that no verbal

04/05/2024
RECEIVED

OCT 22 1982

OIL & GAS DIVISION
DEPT. OF MINES

warranties, representations or promises have been made or relied upon by Lessee or Lessors, or their agents, supplementing, modifying or as inducement to this agreement.

XVIII.

In the event Lessors do not own all of the oil and gas, Lessee shall pay Lessors its proportionate share of the rents and royalties as stipulated in the preceding paragraphs.

XIX.

All the rights, privileges, covenants and obligations of the parties hereunder shall extend to and be binding upon their respective heirs, executors, administrators, successors and assigns; provided, however, that Lessee shall not by reason of any partial assignments, divisions or distributions of Lessors' interest hereunder, whether made intentionally or by operation of law, be obligated against its will to make payments or to give notices or releases to more than the number of payees hereinabove designated to receive payments that may become due under and by virtue of the terms of this lease; it being agreed by Lessors that all persons from time to time interested in this lease through or under Lessors may appoint suitable agents, not more in number than the payees already designated above, who shall be empowered to receive notices or releases and to receive representatives or assigns hereunder, without liability to Lessee to see to the application of any such moneys by such designated agents or payees.

IN WITNESS WHEREOF, the parties to this agreement have hereunto set their hands the day and year first above written.
