

DAVID W. HESS NO. 1 WELL (T-199).

70345 #199 by MTW
Co. Rpt.

Centerville District, Tyler County, W. Va.

By Centerville Oil & Gas Co.

One mile southwest of Josephs Mills.

Information published on page 524 of Marshall-Wetzel-Tyler Report of Survey,

One mile southwest of Josephs Mills, the Centerville Oil & Gas Co. drilled a well to a depth of 1740 feet on the David W. Hess farm (T-199). A showing of gas was encountered in the Big Injun Sand. The Washington Coal (3 feet thick) was struck at a depth of 23 feet. According to the interval given in the Mercer well above, the Pittsburgh Coal horizon should belong at near 485 feet, or 462 feet below the Washington bed, hence the authority for drawing the 350-foot structure contour on the Pittsburgh Coal to the west of this well.
