2nd Salt Sand	1030	- 1090
3rd Salt Sand	1100	- 1300
Maxton Sand	None	
Little Lime	1505	- 1530
Big Lime	1545	- 1633
Keener Sand	1633	- 1655
Big Injun Sand (gas, 1715'; oil, 1716')	1655	
Total depth		1721

NOTES BY G.:

10 cu. ft. of gas per H. P. hour.
 $2 \times 10 \times 20 \times 24 = 9,600$ cu. ft. gas.
 Value .15 per M. cu. ft.
 $.15 \times 9.5 = \$1.42\frac{1}{2}$, value of gas per day.
 Approx. \$45 per month. Unprofitable.
