Mr. Stansberry

None of the 5 wells listed below were drilled. I see where 47-033-05159 and 47-097-03778 were turned in but with zero production, that would have been a reporting mistake from our program. If you have any other questions, feel free to contact us.

Thank you

Danielle

Mr. Haskins,

Below is a list of APIs we are needing production to update the status in our database.

3 out of the 5 may also need to be confirmed if they have been drilled or not.

For all wells listed, a WR-35 Completion Report and a WR-34 Discharge Monitoring Report will need to be submitted if these wells have been completed (Land Application was indicated on the Permit Application WW-9).

| API          | Permit Issued Date | Last Yr Production | WellStatus | WellName          | Operator                      | County   |
|--------------|--------------------|--------------------|------------|-------------------|-------------------------------|----------|
