ADDRESS

Well No. 2 39° 45', 80° 35' 12290

AC. Ballouz Farm

GENTLEMEN:

The undersigned well operator is entitled to drill upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated.....

March 30, 1936, made by A. C. Ballouz, to

J. T. McIntire, and recorded on the 4th day

of April 1936, in the office of the County Clerk for said County in

Book 30A, page 434-437

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Act, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above named coal operators or coal owners at their above shown respective address..... day.... before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Very truly yours,

J. T. McIntire Co.

Marie E. Griffith, Sec.
Oil and Gas Division
Department of Mines
Charleston, W. Va.

Dear Miss Griffith,

Well No. 2 for which we have recently requested a drilling permit, is located on the W.H. Lemaster farm, Proctor District, Wetzel County. The mineral rights are owned by A.C. Ballouz, New Martinsville, West Va.

The No. 2 well is to be an off-set to No. 1 located on the same farm and drilled under permit Wet-115 issued from your office under date of April 27, 1936.

Sincerely yours,

J. Thomas McIntire

Marie E. Hill, Esq.
Office Gas Division
Department of Mines
Washington, D.C.

Dear Miss Hill:

Well No. 2 for which we have previously requested drilling permit, is located on the W. H. Bennett farm, Lincoln District, Wessel County. The mineral rights are owned by A. C. Bellows, New Berlinville, West Va.

The No. 2 well is to be an oil well to No. 1 located on the same farm and drilled about the same time as No. 1.

Sincerely yours,

E-5

Dear Miss Griffith:

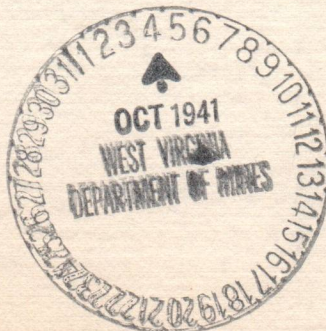

I wish to have your permission to pull the 8" casing from well drilled under permit Wet 170, known as the No. 2 well on the A. C. Ballouz Farm, Proctor District, Wetzell County.

The 8" casing in this well is the coal seam casing. Sometime ago I was talking to one of your field agents and he informed me that the section in which the well was drilled is borderline as far as Pittsburgh coal is concerned. He gave me the impression that the casing might be pulled in this well without violating the coal protection law.

Sincerely,

J. Thomas McIntire

Dear Miss Griffith:

I had to have your permission to call the
"name" from well drilled under permit
No. 101 known as the No. 1 well on the
Carterton farm, Carterton District, West
Virginia.

The company to this well is the Oil & Gas
Company, Carterton and I was talking to one
of the men in charge of the well and
the action in which the No. 1 well is
operating as far as the Carterton coal is con-
cerned. He gave me the information that the
company might be drilled in this well if they
violating the coal production law.

Sincerely,
E. F. Johnson

Dear Sir:

This will acknowledge receipt of your letter of October 2d in regard to pulling the 8" casing in Well No. 2 on the A. C. Ballouz Farm, Proctor District, Wetzel County.

We are unable to advise you until a record of the well is filed. Our records show that several requests have been made for this information and your last reply on May 2, 1938, informed us that you would send this as soon as Well was completed.

We are enclosing forms OG-10 and as soon as these data are sent us, we will advise you further.

Very truly yours,

Secretary

January 27, 1942

D. G. Courtney, Inspector Oil & Gas Wells
Box 151
Bridgeport, West Virginia

Dear Mr. Courtney:

Mr. J. Thomas McIntire, The Training School, Vineland, New Jersey, requested permission to pull the 8" casing from Well No. 2 on the A. C. Ballouz Farm, Proctor District, Wetzel County, and we requested a record of the well before giving permission.

We have made a number of requests for this information and have received no reply, and I note a report from you on March 14, 1938 that the 6" casing in the well collapsed and they proposed running 5" in the hole. Your report also shows 900-plus feet of 8 $\frac{1}{2}$ " casing.

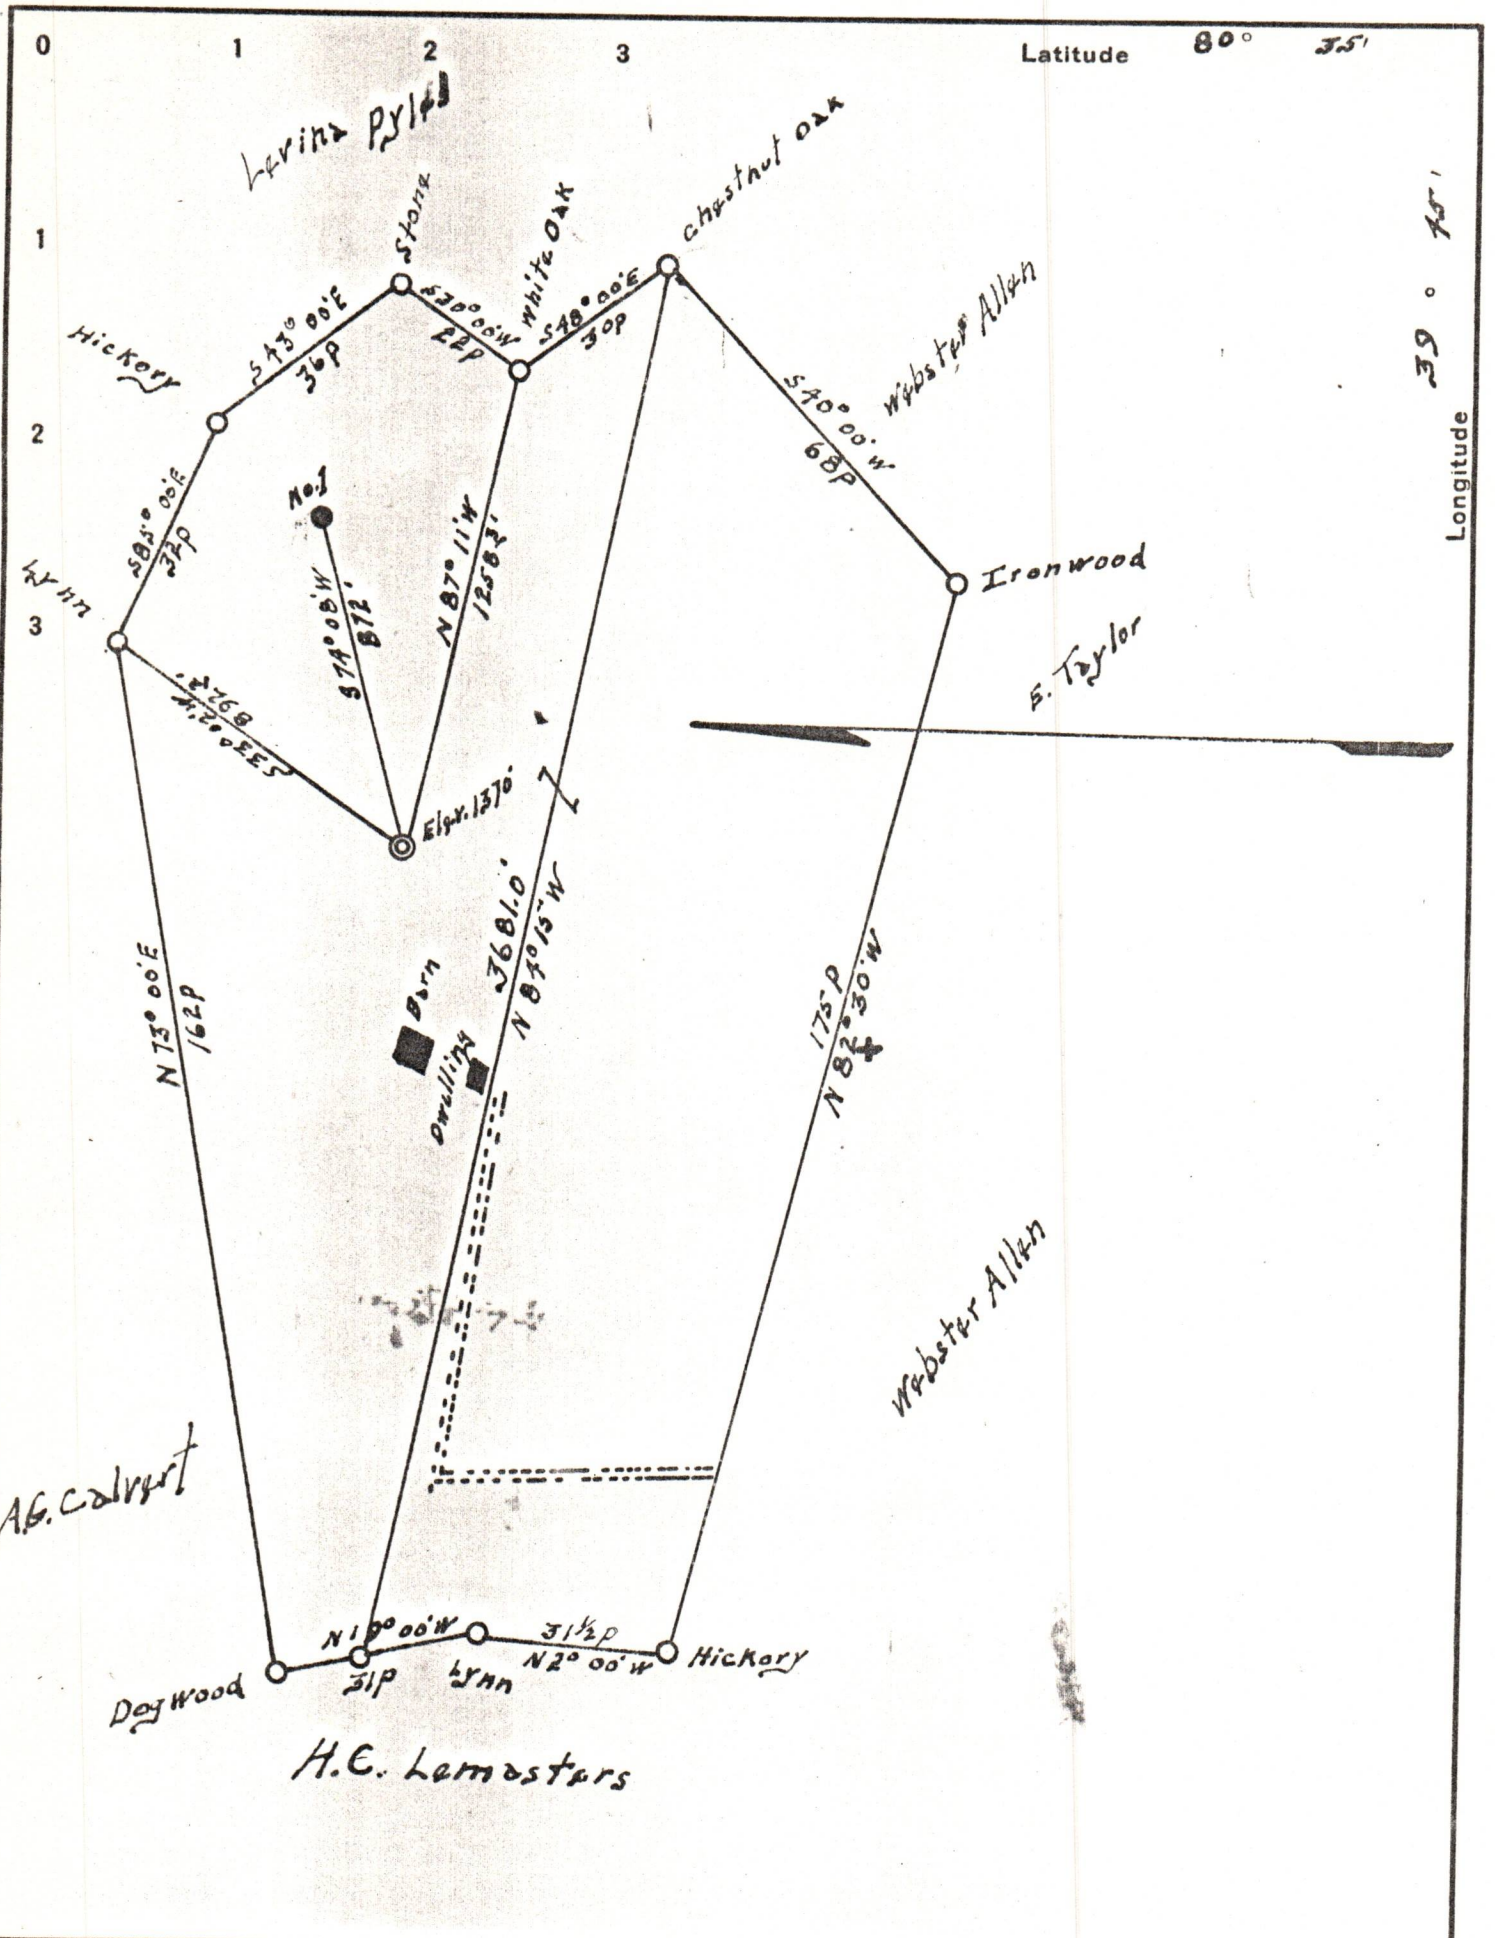

Will you please investigate and see if it is possible to learn whether the 8" casing has been pulled, as we explained to them that this was probably the coal-protecting string, and should remain in the well during the life of the well.

Very truly yours,

Secretary
