Burley Heirs Farm

GENTLEMEN:

The undersigned well operator is entitled to ~~drill~~ **drill deeper** upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated July 1, 1922, made by Burley Heirs, to _____, and recorded on the _____ day of _____, in the office of the County Clerk for said County in Book 15-a, page 278.

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Code, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above named coal operators or coal owners at their above shown respective address _____ day before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Gentlemen:

We have your letter of September 26th, 1945, in regard to the record of the drilling deeper of Well No. 1 on the Burley Heirs Farm, Centerville District, Wetzel County, Permit WET-235-D.

We have been unable to complete the drilling deeper of this well from the Gordon Sand through the Fourth Sand because of a lost bit in the Gordon shot hole. We did, however, make 13 feet of new hole below the Gordon Sand before discontinuing the drilling deeper job.

Will it be necessary to file a record of this 13 feet of new hole drilled, or cancel the drilling deeper permit? The well is now being produced from the Gordon Sand.

Yours very truly,

JOHNS GAS COMPANY

Dear Mr. Startzman:

We acknowledge receipt of your letter of October 9 advising us that only thirteen additional feet were drilled on Well No. 1 on the Burley Heirs Farm, Centerville District, Wetzel County.

It will not be necessary to file another record for this amount of drilling since another sand was not penetrated.

Very truly yours,

Secretary

Gentlemen:

We are in receipt of a tracing for deepening Well No. 1 on the Thomas Phillips Farm, Church District, Wetzel County and the permit that was issued to deepen this well in 1940.

It is not clear to us whether you wish to deepen this well further or whether you want to fill and plug it. If you wish to deepen it further, please fill out the enclosed Form OG-1 and return or if you wish to abandon it, please fill out three copies of the enclosed form OG-9.

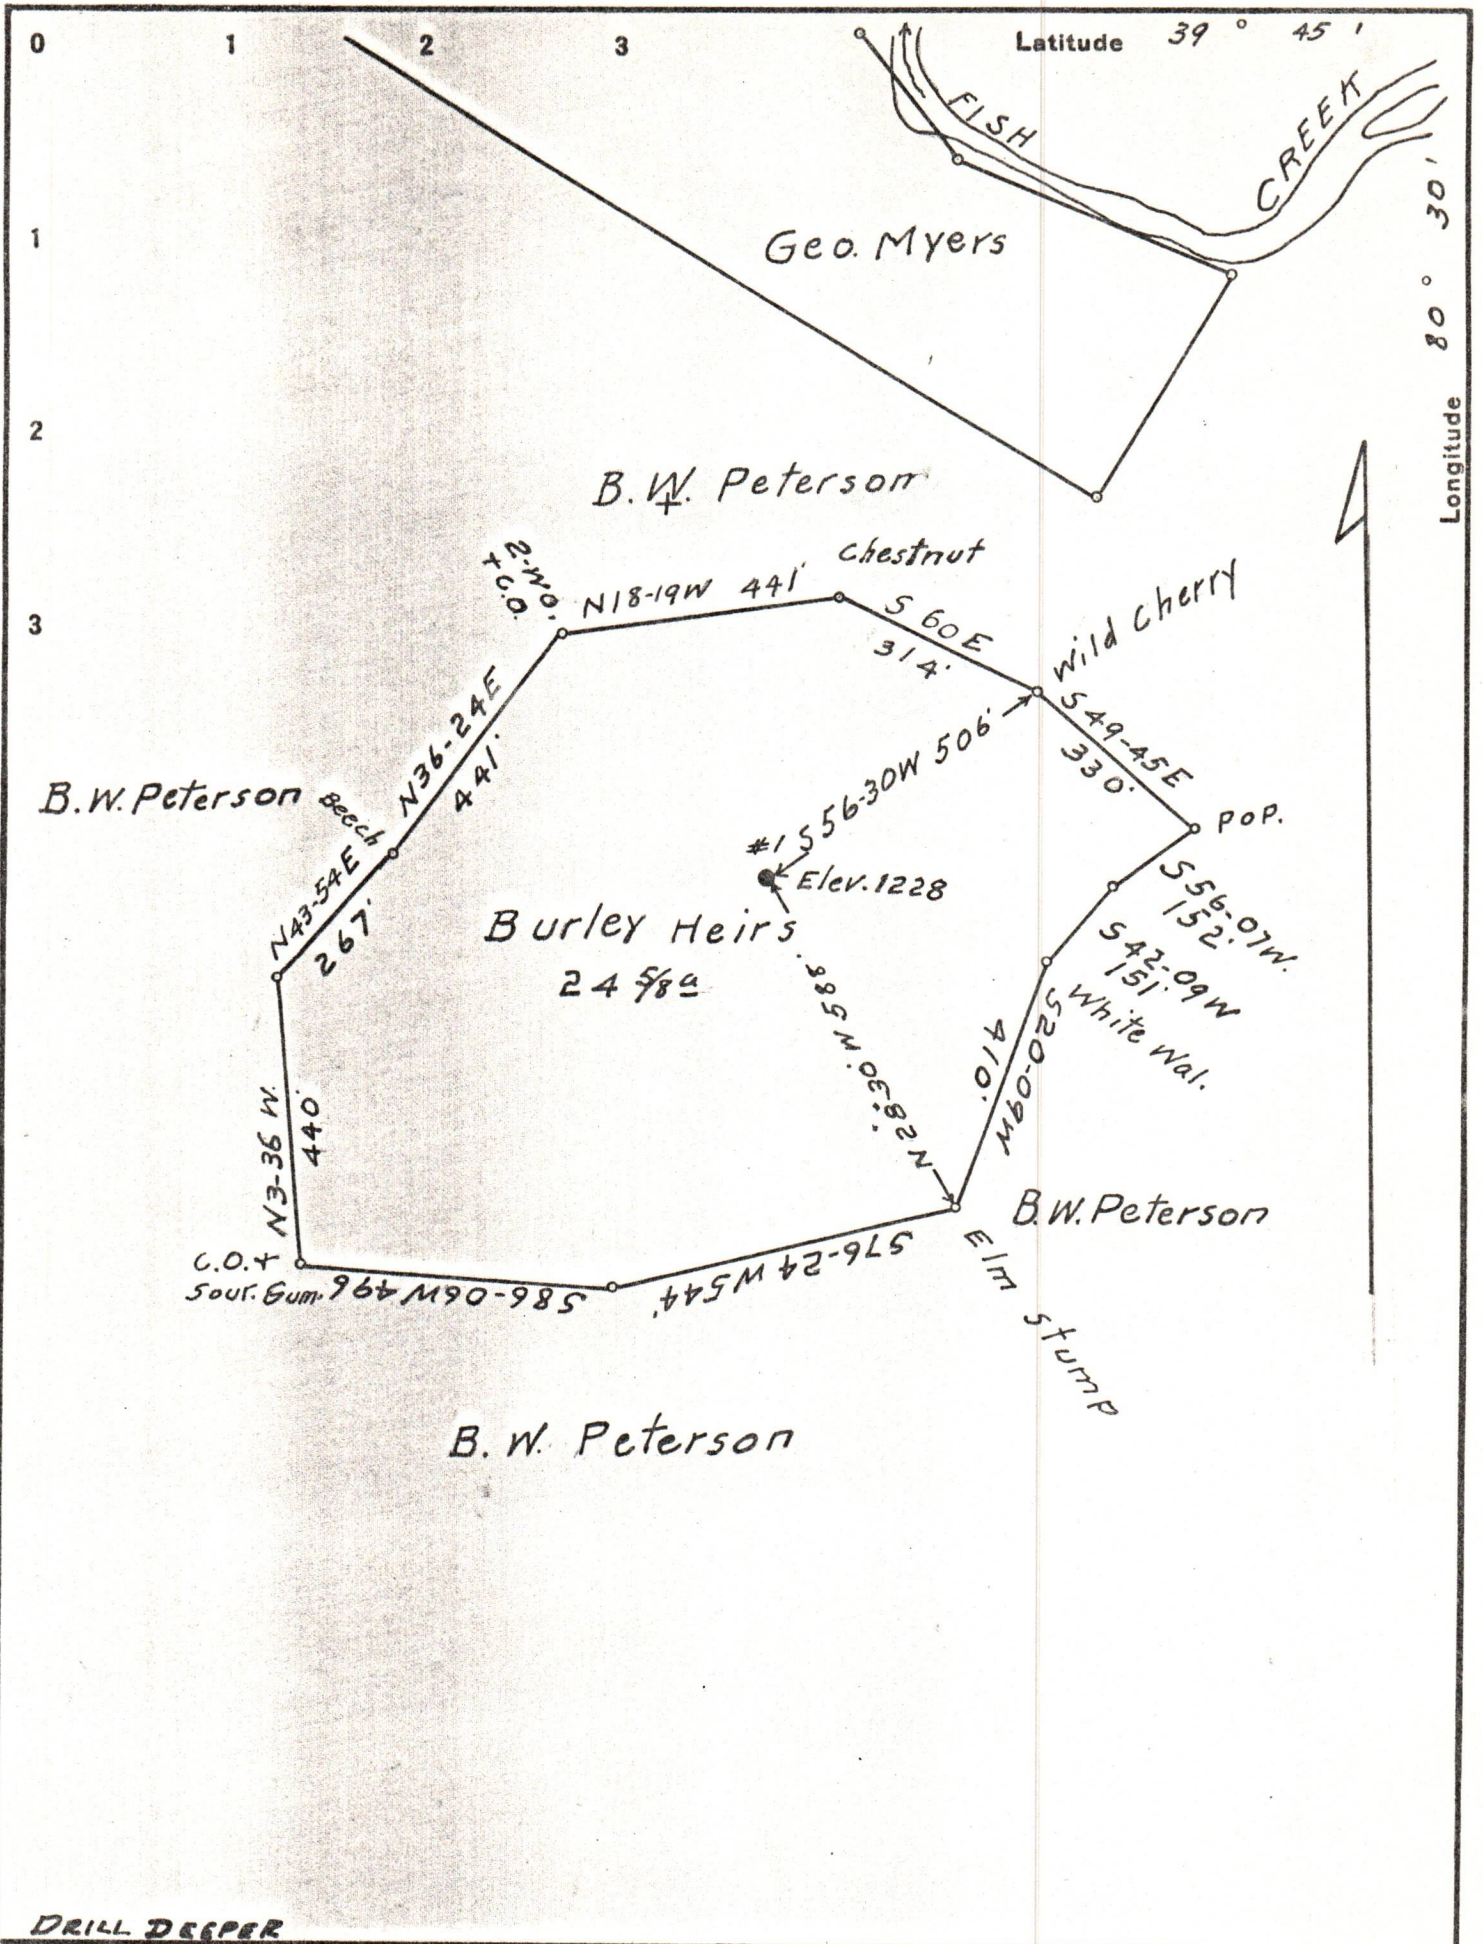

We are returning your tracing since we have one on file here with your application WET-234-D.

Very truly yours,

Secretary
