<p>Above well equipment has been purchased in July, 1948, by DePuy & Kirkbride, Casing Pullers, of Rm #212, 1st Nat'l Bk Bldg., Marietta, Ohio. We have endeavored to secure well record, but because of date well was drilled, (1900) have been unsuccessful. At that date it was not so customary to keep accurate well logs. The amount of casing, and location of sand for application to abandon and plug this well, was determined from location of sand in other wells adjacent to these, for which well logs were available.</p>
