<p>Above well equipment was purchased in July, 1948 by Dale DePuy, casing puller, of Room #212, 1st National Bank Bldg, Marietta, Ohio. We have endeavored to secure well record, but because of age of well, there seems to be no record. Former owners had only measurement of Berea sand. The amount of casing and location of sands as used in preparing application to abandon and plug this well was determined from the location of sands in other wells adjacent to these for which well logs were available.</p>
