Fuel oil and gas for operating the premises, or lands pooled therewith, and for treating and handling the products therefrom (and the proportionate part of fuel oil and gas consumed in a central plant, should the Leases be operated jointly with other premises through the use of such plant) shall be deducted before said overriding royalties are computed. All ad valorem, production, severance, gathering and other taxes chargeable against the overriding royalty interests herein reserved shall be paid by Assignor. If the said Leases do not cover the entire fee simple title to the minerals in the lands described therein and hereby assigned, the overriding royalties herein reserved on production from such land shall be proportionately reduced.

4.

The reservation of the foregoing overriding royalties shall never be deemed to impose any obligations upon Assignee, its successors or assigns, to conduct any drilling operations whatsoever upon the lands covered by the Leases, or lands pooled therewith, or to maintain any such operations after once begun, or production of oil, gas or other minerals after once established, nor to protect the above described lands or lands pooled therewith from drainage, nor to maintain the Leases in effect by payment of delay rental, drilling operations or otherwise, and all operations, if any, and the extent and duration thereof, as well as the preservation of the leasehold estates by rental payment or otherwise, shall be solely at the will of Assignee.

5.

Assignor hereby agrees that Assignee shall have the right, without further approval by Assignor, to pool and unitize the Leases and all the lands affected thereby with other lands or leases to form one or more pooled units in accordance with the

pooling authority granted by the Leases, and as to each unit so created, Assignor shall be entitled to receive in lieu of the overriding royalty interests herein reserved, that proportion of said overriding royalty interest stipulated above that the entire amount of net mineral acres covered by the Leases and included in such unit bears to the entire surface acreage of said unit.
