Lew Wilson Well, No. 1.

|                          | Feet.        |
|--------------------------|--------------|
| Casing, 10 inch .....    | 110          |
| Casing, 8 1/4 inch ..... | 870          |
| Maxton sand .....        | 1522 to 1530 |
| Big Lime .....           | 1600         |
| Big Injun sand .....     | 1730 to 1775 |
| Berea grit .....         | 2145         |

East of town on north side of river is E. Barker No. 1 well of South Penn Oil Co., the Big Injun sand was found at 1770 to 1792 feet with oil pay at 1778 feet.

In the eastern portion of Murphy district near Burnt House, the Mountain State Gas Co. has drilled a number of good gas wells. The Goff well is one mile west of Burnt House near the pike. The Farrell well is the first well east of this place while the Reger wells are about one mile east. A small pool has been opened by the Carter Oil Co. on the Wright and Smith farms near Racket.
