Logs and brush are to be cut and stacked. First part of location road after creek crossing is across soft bottomland. Road is to be built on highest ground there straight across to fenceline and to follow fenceline around to old shed road leaving the field next to a large sugar Maple tree which may need to be trimmed. The road through the woods and the location will be heavily shaded. Culvert pipe in creek crossing should be installed with a backhoe.

part of the first part, hereinafter called Lessors, whether one or more, and VIRGINIA CORPORATION party of the second part, hereinafter called Lessee.

WITNESSETH that the said Lessors for and in consideration of the sum of Dollars to them in hand well and truly paid by said Lessee, the receipt of which is hereby acknowledged, and of the covenants and

agreements herein contained on the part of the said Lessee, to be paid, kept and performed, have granted, demised, leased and let and by these presents do grant, demise, lease and let with covenants of quiet possession, and that they have the sole right so to

grant and demise, unto the said Lessee, its successors and assigns, for the purpose of mining and operating for oil and gas, and of building tanks, roadways, stations, power plants, water stations and structures thereon to take care of the said products, and of laying

pipe lines on, over and across the leased premises and other lands of Lessors, for the purpose of marketing oil and gas from this and other leases held by Lessee, and rights of way for roadways, over this and other land of Lessors.

all that certain tract of land situated in Smithfield District Roane County and State of

West Virginia, on the waters of Henry's Fork

bounded as follows:

On the North by lands of Isabella A. Bailey

On the East by lands of Dora Walbrown

On the South by lands of J.F. Webb Hrs.

On the West by lands of George Spencer

Containing Forty four acres ( 44 ) acres, more or less and further described in

Deed to Lessors recorded in the clerk's office of said county in Deed Book \_\_\_\_\_ page \_\_\_\_\_

It is agreed that this lease shall remain in force for the term of ONE year from this date and as long thereafter as oil or gas, or

either of them, is produced from said lands by the said Lessee, its successors and assigns.

In consideration of the premises the said party of the second part, covenants and agrees: first-to deliver to the credit of the

Lessors, their heirs or assigns, free of cost, in the pipe line to which the Lessee may connect with its wells their pro-rata share of the

equal one-eighth (1/8) part of all oil produced and saved from the leased premises; and second-to pay their pro-rata share of the

and used off the premises, said gas to be measured by the type meter Lessee deems adequate.

The Lessee shall not be required in any event to increase the rate of said gas well payments or said royalty of oil by reason of any

royalty or interest in said oil or gas that may have been heretofore sold, reserved or conveyed by Lessors or their predecessor in title

or otherwise. And any such outstanding royalty or interest shall first be deducted from the royalties and rentals above provided to be

paid or delivered.

Where either during or after the primary term Lessee completes a well capable of producing gas in paying quantities but gas is

not sold or used off the premises or gasoline or other product therefrom, and this Lease is not then being

otherwise maintained by production, drilling or reworking operations, Lessee may pay or tender as royalty to the parties entitled to

royalties under this Lease a sum equal to one-twelfth of the amount of the annual rental payable in lieu of drilling operations during

the primary term on the number of acres subject to this lease at the time such payment is made, and if such payment is made

tendered or deposited, it will be considered that gas is being produced from this lease in paying quantities.

Lessee further grants to the Lessee, his heirs and assigns, the right to utilize this lease with other leases to form a drilling unit or

units according to the rules and regulations which may be adopted for the proper development and conservation of the field. In the

event this lease is so utilized, the Lessee agrees to accept, in lieu of the royalty heretofore recited, such proportion of the royalty

above provided, as the acreage covered by this lease bears to the total acreage comprising the unit.

In the event any taxes are payable by the Lessee based solely upon the total production of with oil or gas produced from any well

or wells upon this lease, the Lessors herein shall bear their proportionate share of said taxes in proportion to the amount their royalty

bears to the total production from said lease.

It is agreed by the parties hereto that the Lessee, its successors and assigns, shall have the right to use gas from any wells upon

said premises for the running of its machinery, situate on said premises or adjoining thereto, or for the repressuring of any wells

situate upon said premises. If any gas from said premises is manufactured into gasoline or other by-products by said Company, and

not otherwise accounted for to the Lessors, said Lessors shall receive their pro-rata share of the one-eighth (1/8) of the net value of

said manufactured product.

The Lessors may lay a line to any gas well drilled on said land and take \_\_\_\_\_ 200,000 \_\_\_\_\_ cu. ft. of gas per year therefrom

free for their own use for heat and light in one dwelling house on said land, out of any surplus gas over and above what Lessee, its

successors and assigns, may require to operate the lease, and subject to the use, operation, pumping and right of abandonment of the

well by Lessee, its successors and assigns; Lessors are to provide and use economical appliances and to use said gas at their own risk,

subject to the rules and regulations of said Lessee, its successors and assigns, published at such time relating to such use of gas.

Lessee covenants and agrees to locate all wells so as to interfere as little as possible with the cultivated portion of the farm. And

it is agreed that the leased premises may be fully and freely used by the Lessors for farming purposes, excepting such parts as are

used by the Lessee in operating hereunder, and further, that the said Lessee may drill or not drill on said land, as it may elect, and

that the consideration and rentals paid and to be paid constitute adequate compensation for such privilege.

The said Lessee covenants and agrees to pay a rental at the rate of \$2.00 per acre per year-proportionate

Share (\$ \_\_\_\_\_ ) Dollars \_\_\_\_\_ in advance, beginning in \_\_\_\_\_ Date of lease \_\_\_\_\_

months from this date, until but not after, a well yielding royalty to the Lessors is drilled on the leased premises, and any rental paid

for time beyond the date of completion of a gas well shall be credited upon the first royalty due upon the same and all rentals shall

cease after the surrender of the lease as hereinafter provided for. All payments for delay, for gas produced and marketed, for

gasoline and other by-products may be made direct to the Lessors; such payments may also be made in the same manner to

who is hereby appointed agent for the Lessors to receive the same.

It is agreed that the Lessee is to have the privilege of using free sufficient water and gas from the said premises to run all

machinery necessary for drilling and operating thereon and at any time to remove all machinery and fixtures placed on said premises;

and further, upon the payment of (\$1.00) One Dollar at any time, by the party of the second part, or by its successors and assigns it or

they shall have the right to surrender this lease for cancellation, after which all payments and liabilities thereafter to accrue under and

by virtue of its terms shall cease and determine, and this lease becomes absolutely null and void.

Lessors agree that the recordation of a deed of surrender in the proper county, and the mailing in the postoffice of a check,

payable as above provided, for said last mentioned sum and all amounts then due hereunder, shall be a full surrender and termination

of this lease.

All provisions of this lease shall be binding upon the heirs, executors, administrators, successors and assigns of the parties hereto.

In Witness Whereof, the parties of this agreement have hereunto set their hands and seals the day and year first above written.

The said Lessee covenants and agrees to pay a rental at the rate of \$200 annually, beginning in April of each ( ) Dollars in advance, beginning in April of each ( ) Dollars

months from this date, until but not after, a well yielding royalty to the Lessors is drilled on the leased premises, and any rental paid for time beyond the date of completion of a gas well shall be credited upon the first royalty due upon the same and all rentals shall cease after the surrender of the lease as hereinafter provided for. All payments for delay, for gas produced and marketed, for gasoline and other by-products may be made direct to the Lessors; such payments may also be made in the same manner to

who is hereby appointed agent for the lessors to receive the same.

It is agreed that the Lessee is to have the privilege of using free sufficient water and gas from the said premises to run all machinery necessary for drilling and operating thereon and at any time to remove all machinery and fixtures placed on said premises; and further, upon the payment of (\$1.00) One Dollar at any time, by the party of the second part, or by its successors and assigns it or they shall have the right to surrender this lease for cancellation, after which all payments and liabilities thereafter to accrue under and by virtue of its terms shall cease and determine, and this lease becomes absolutely null and void.

Lessors agree that the recordation of a deed of surrender in the proper county, and the mailing in the postoffice of a check, payable as above provided, for said last mentioned sum and all amounts then due hereunder, shall be a full surrender and termination of this lease.

All provisions of this lease shall be binding upon the heirs, executors, administrators, successors and assigns of the parties hereto. In Witness Whereof, the parties of this agreement have hereunto set their hands and seals the day and year first above written.

WITNESSETH that the said Lessors for and in consideration of the sum of

Dollars to them in hand well and truly paid by said Lessee, the receipt of which is hereby acknowledged, and of the covenants and

agreements and conditions hereinafter contained on the part of the said Lessee, to be paid, kept and performed, have granted, demised, leased and

let and by these presents do grant, demise, lease and let with covenants of quiet possession, and that they have the sole right so to

grant and demise, unto the said Lessee, its successors and assigns, for the purpose of mining and operating for oil and gas, and of

building tanks, roadways, stations, power plants, water stations and structures thereon to take care of the said products, and of laying

pipe lines on, over and across the leased premises and other lands of Lessors, for the purpose of marketing oil and gas from this and

other leases held by Lessee, and rights of way for roadways over their and other land of Lessors.

West Virginia, on the waters of Stemmer Fork

On the North by lands of Harold G. Bailey

On the East by lands of Don H. Hays

On the South by lands of J. F. Holt

On the West by lands of George H. Hays

Containing 10.75 ( ) acres, more or less and further described in

deed to Lessors recorded in the clerk's office of said county in Deed Book \_\_\_\_\_ page \_\_\_\_\_

It is agreed that this lease shall remain in force for the term of 20 years from this date and as long thereafter as oil or gas, or

either of them, is produced from said lands by the said Lessee, its successors and assigns.

In consideration of the premises the said part of the second part, covenants and agrees: first-to deliver to the credit of the

Lessors, their heirs or assigns, free of cost, in the pipe line to which the Lessee may connect with its wells their pro-rata share of the

equal one-eighth (1/8) part of all oil produced and saved from the leased premises; and second-to pay their pro-rata share of the

one-eighth (1/8) of the value of the gas from each and every gas well drilled on said premises, the product from which is marketed

and used off the premises, said gas to be measured by the type meter Lessee deems adequate.

The Lessee shall not be required in any event to increase the rate of said gas well payments or said royalty of oil by reason of any

royalty or interest in said oil or gas that may have been heretofore sold, reserved or conveyed by Lessors or their predecessors in title

or otherwise. And any such outstanding royalty or interest shall first be deducted from the royalties and rentals above provided to be

paid or delivered.

Where either during or after the primary term Lessee completes a well capable of producing gas in paying quantities but gas is

not sold or used off the premises or used for the extraction of gasoline or other product therefrom, and this Lease is not then being

otherwise maintained by production, drilling or reworking operations, Lessee may pay or tender as royalty to the parties entitled to

royalties under this Lease a sum equal to one-twelfth of the amount of the annual rental payable in lieu of drilling operations during

the primary term on the number of acres subject to this lease at the time such payment is made, and if such payment is made

tendered or deposited, it will be considered that gas is being produced from this lease in paying quantities.

Lessors further grants to the Lessee, his heirs and assigns, the right to utilize this lease with other leases to form a drilling unit or

units according to the rules and regulations which may be adopted for the proper development and conservation of the field. In the

event this lease is so unitized, the Lessor agrees to accept, in lieu of the royalty heretofore recited, such proportion of the royalty

above provided, as the acreage covered by this lease bears to the total acreage comprising the unit.

In the event any taxes are payable by the Lessee based solely upon the total production of with oil or gas produced from any well

or wells upon this lease, the Lessors herein shall bear their proportionate share of said taxes in proportion to the amount their royalty

bears to the total production from said lease.

It is agreed by the parties hereto that the Lessee, its successors and assigns, shall have the right to use gas from any wells upon

said premises for the running of its machinery, situate on said premises or adjoining thereto, or for the repressuring of any wells

situate upon said premises. If any gas from said premises is manufactured into gasoline or other by-products by said Company, and

not otherwise accounted for to the Lessors, said Lessors shall receive their pro-rata share of the one-eighth (1/8) of the net value of

said manufactured product.

The Lessors may lay a line to any gas well drilled on said land and take 200,000 cu. ft. of gas per year therefrom

free for their own use for heat and light in one dwelling house on said land, out of any surplus gas over and above what Lessee, its

successors and assigns, may require to operate the lease, and subject to the use, operation, pumping and right of abandonment of the

well by Lessee, its successors and assigns; Lessors are to provide and use economical appliances and to use said gas at their own risk,

subject to the rules and regulations of said Lessee, its successors and assigns, published at such time relating to such use of gas.

And it is agreed that the leased premises may be fully and freely used by the Lessors for farming purposes, excepting such parts as are

used by the Lessee in operating hereunder, and further, that the said Lessee may drill or not drill on said land, as it may elect, and

that the consideration and rentals paid and to be paid constitute adequate compensation for such privilege.

The said Lessee covenants and agrees to pay a rental at the rate of \$200 per acre annually beginning in March of each year

months from this date, until but not after, a well yielding royalty to the Lessors is drilled on the leased premises, and any rental paid

for time beyond the date of completion of a gas well shall be credited upon the first royalty due upon the same and all rentals shall

cease after the surrender of the lease as hereinafter provided for. All payments for delay, for gas produced and marketed, for

gasoline and other by-products may be made direct to the Lessors; such payments may also be made in the same manner to

who is hereby appointed agent for the lessors to receive the same.

It is agreed that the Lessee is to have the privilege of using free sufficient water and gas from the said premises to run all

machinery necessary for drilling thereon and at any time by the party of the second part, or by its successors and assigns; it or

they shall have the right to surrender this lease for cancellation, after which all payments and liabilities thereafter to accrue under and

by virtue of its terms shall cease and determine, and this lease becomes absolutely null and void.

Lessors agree that the recordation of a deed of surrender in the proper county, and the mailing in the postoffice of a check,

It is agreed by the parties hereto that the Lessee, its successors and assigns, shall have the right to use gas from any wells upon said premises for the running of its machinery, situated on said premises or adjoining thereto, or for the repressuring of any wells situate upon said premises. If any gas from said premises is manufactured into gasoline or other by-products by said Company, and not otherwise accounted for to the lessors, said lessors shall receive their pro-rata share of the one-eighth (1/8) of the net value of said manufactured product.

The lessors may lay a line to any gas well drilled on said land and take 200,000 cu. ft. of gas per year therefrom free for their own use for heat and light in one dwelling house on said land, out of any surplus gas over and above what Lessee, its successors and assigns, may require to operate the lease, and subject to the use, operation, pumping and right of abandonment of the well by Lessee, its successors and assigns; Lessors are to provide and use economical appliances and to use said gas at their own risk, subject to the rules and regulations of said Lessee, its successors and assigns, published at such time relating to such use of gas.

Lessee covenants and agrees to locate all wells so as to interfere as little as possible with the cultivated portion of the farm. And it is agreed that the leased premises may be fully and freely used by the lessors for farming purposes, excepting such parts as are used by the Lessee in operating hereunder, and further, that the said Lessee may drill or not drill on said land, as it may elect, and that the consideration and rentals paid and to be paid constitute adequate compensation for such privilege.

The said Lessee covenants and agrees to pay a rental at the rate of \$2.00 per acre per year - Proportionate Share (\$ ) Dollars Annually in advance, beginning in \_\_\_\_\_ Date of Lease

months from this date, until but not after, a well yielding royalty to the lessors is drilled on the leased premises, and any rental paid for time beyond the date of completion of a gas well shall be credited upon the first royalty due upon the same and all rentals shall lease after the surrender of the lease as hereinafter provided for. All payments for delay, for gas produced and marketed, for gasoline and other by-products may be made direct to the lessors; such payments may also be made in the same manner to who is hereby appointed agent for the lessors to receive the same.

It is agreed that the Lessee is to have the privilege of using free sufficient water and gas from the said premises to run all machinery necessary for drilling and operating thereon and at any time to remove all machinery and fixtures placed on said premises; and further, upon the payment of (\$1.00) One Dollar at any time, by the party of the second part, or by its successors and assigns it or they shall have the right to surrender this lease for cancellation, after which all payments and liabilities thereafter to accrue under and by virtue of its terms shall cease and determine, and this lease becomes absolutely null and void.

Lessors agree that the recordation of a deed of surrender in the proper county, and the mailing in the postoffice of a check, payable as above provided, for said last mentioned sum and all amounts then due hereunder, shall be a full surrender and termination of this lease.

All provisions of this lease shall be binding upon the heirs, executors, administrators, successors and assigns of the parties hereto. In Witness Whereof, the parties of this agreement have hereunto set their hands and seals the day and year first above written.

Agreement, made and entered into the 8th day of March, 19 82, by and between Golda K. Conley and Robert L. Conley, her husband

part of the first part, hereinafter called Lessors, whether one or more, and VIRGINIA CORPORATION party of the second part, hereinafter called Lessee.

WITNESSETH that the said Lessors for and in consideration of the sum of Dollars in hand well and truly paid by said Lessee, the receipt of which is hereby acknowledged, and of the covenants and

agreements hereinafter contained on the part of the said Lessee, to be paid, kept and performed, have granted, demised, leased and

let and by these presents do grant, demise, lease and let with covenants of quiet possession, and that they have the sole right so to

grant and demise, unto the said Lessee, its successors and assigns, for the purpose of mining and operating for oil and gas, and of

building tanks, roadways, stations, power plants, water stations and structures thereon to take care of the said products, and of laying

pipe lines on, over and across the leased premises and other lands of Lessors, for the purpose of marketing oil and gas from this and

other leases held by Lessee, and rights of way for roadways over this and other land of Lessors.

all that certain tract of land situated in Smithfield District Roane County and State of

West Virginia, on the waters of Henry's Fork

On the North by lands of Isabella A. Batley

On the East by lands of Dora Walbrown

On the South by lands of J.F. Webb, Hrs.

On the West by lands of George Spencer

Containing Forty four acres ( ) ( 44 ) acres, more or less and further described in

deed to Lessors recorded in the clerk's office of said county in Deed Book \_\_\_\_\_ page \_\_\_\_\_

It is agreed that this lease shall remain in force for the term of One years from this date and as long thereafter as oil or gas, or

either of them, is produced from said lands by the said Lessee, its successors and assigns.

In consideration of the premises the said party of the second part, covenants and agrees: first-to deliver to the credit of the

Lessors, their heirs or assigns, free of cost, in the pipe line to which the Lessee may connect with its wells their pro-rata share of the

equal one-eighth (1/8) part of all oil produced and saved from the leased premises; and second-to pay their pro-rata share of the

one-eighth (1/8) of the value of the gas from each and every gas well drilled on said premises, the product from which is marketed

and used off the premises, said gas to be measured by the type meter Lessee deems adequate.

The Lessee shall not be required in any event to increase the rate of said gas well payments or said royalty of oil by reason of any

royalty or interest in said oil or gas that may have been heretofore sold, reserved or conveyed by Lessors or their predecessor in title

or otherwise. And any such outstanding royalty or interest shall first be deducted from the royalties and rentals above provided to be

paid or delivered.

Where either during or after the primary term Lessee completes a well capable of producing gas in paying quantities but gas is

not sold or used off the premises or used for the extraction of gasoline or other product therefrom, and this Lease is not then being

otherwise maintained by production, drilling or reworking operations, Lessee may pay or tender as royalty to the parties entitled to

royalties under this Lease a sum equal to one-twelfth of the amount of the annual rental payable in lieu of drilling operations during

the primary term on the number of acres subject to this lease at the time such payment is made, and if such payment is made

tendered or deposited, it will be considered that gas is being produced from this lease in paying quantities.

Lessors further grants to the Lessee, his heirs and assigns, the right to utilize this lease with other leases to form a drilling unit or

units according to the rules and regulations which may be adopted for the proper development and conservation of the field. In the

event this lease is so unitized, the Lessors agree to accept, in lieu of the royalty hereinafter recited, such proportion of the royalty

above provided, as the acreage covered by this lease bears to the total acreage comprising the unit.

In the event any taxes are payable by the Lessee based solely upon the total production of with oil or gas produced from any well

or wells upon this lease, the Lessors herein shall bear their proportionate share of said taxes in proportion to the amount their royalty

bears to the total production from said lease.

It is agreed by the parties hereto that the Lessee, its successors and assigns, shall have the right to use gas from any wells upon

said premises for the running of its machinery, situated on said premises or adjoining thereto, or for the repressuring of any wells

situate upon said premises. If any gas from said premises is manufactured into gasoline or other by-products by said Company, and

not otherwise accounted for to the Lessors, said Lessors shall receive their pro-rata share of the one-eighth (1/8) of the net value of

said manufactured product.

The Lessors may lay a line to any gas well drilled on said land and take 200,000 cu. ft. of gas per year therefrom

free for their own use for heat and light in one dwelling house on said land, out of any surplus gas over and above what Lessee, its

successors and assigns, may require to operate the lease, and subject to the use, operation, pumping and right of abandonment of the

well by Lessee, its successors and assigns; Lessors are to provide and use economical appliances and to use said gas at their own risk,

subject to the rules and regulations of said Lessee, its successors and assigns, published at such time relating to such use of gas.

Lessee covenants and agrees to locate all wells so as to interfere as little as possible with the cultivated portion of the farm. And

it is agreed that the leased premises may be fully and freely used by the Lessors for farming purposes, excepting such parts as are

used by the Lessee in operating hereunder, and further, that the said Lessee may drill or not drill on said land, as it may elect, and

that the consideration and rentals paid and to be paid constitute adequate compensation for such privilege.

The said Lessee covenants and agrees to pay a rental at the rate of \$8.00 per acre per year-proportionate

Share ( ) Dollars  Annually  in advance, beginning in \_\_\_\_\_ Date of lease

months from this date, until but not after, a well yielding royalty to the Lessors is drilled on the leased premises, and any rental paid

for time beyond the date of completion of a gas well shall be credited upon the first royalty due upon the same and all rentals shall

cease after the surrender of the lease as hereinafter provided for. All payments for delay, for gas produced and marketed, for

gasoline and other by-products may be made direct to the Lessors; such payments may also be made in the same manner to

who is hereby appointed agent for the Lessors to receive the same.

It is agreed that the Lessee is to have the privilege of using free sufficient water and gas from the said premises to run all

machinery necessary for drilling thereon and at any time to remove all machinery and fixtures placed on said premises;

and further, upon the payment of (\$1.00) One Dollar at any time, by the party of the second part, or by its successors and assigns it or

they shall have the right to surrender this lease for cancellation, after which all payments and liabilities thereafter to accrue under and

by virtue of its terms shall cease and determine, and this lease becomes absolutely null and void.

Lessors agree that the recording of a deed of surrender in the proper county, and the mailing in the postoffice of a check,

payable as above provided, for said last mentioned sum and all amounts then due hereunder, shall be a full surrender and termination

of this lease. All provisions of this lease shall be binding upon the heirs, executors, administrators, successors and assigns of the parties hereto.
