Re: Permit No. 47-103-451  
Well No. 1, R. E. Wetzel Farm  
Union District of Tyler County

Dear Phil:

On October 18, 1978, Ms. Kimberly Hahn responded to a request for a completion record on the above captioned stating that this well is to be deepened to the Berea Sand in the near future.

Inasmuch as this well was permitted in 1972 and abandoned sometime before November of 1973, the following procedure must be followed: Application (original and four copies) submitted for a deepening permit, reclamation plan and well record of the present depth of the well. We also need a letter from you stating that this well is to be placed under your blanket bond and a request for the release of the \$1,000 single well bond posted to cover the drilling operations in 1972.

If you have any questions please don't hesitate to call me.

Very truly yours,
