The records of Nos. 8, 9, and 10 were first published in Vol. I(a), pp. 266-67, and republished in the Marshall-Wetzel-Tyler Report. Mr. White, on p. 267, Vol. I(a) states: "The sand called 'Cow Run' in these records is not the First Cow Run of Ohio, but the Dunkard Sand of Greene County, Pa., while the true Second Cow Run Sand of Ohio belongs 150 to 200 feet below the Dunkard Sand....."
