PROPOSED MANNER OF PLUGGING AND FILLING WELL

(REQUIRED BY RULES AND REGULATIONS)

WEST VIRGINIA DEPARTMENT OF MINES OIL AND GAS DIVISION

WORK ORDER

Well to be plugged and filled as follows:

Set permanent bridge at 1867' 10' above Berea Sand, 10' of neat cement and 5' of crushed stone on top of cement, fill with red mud from top of plug to 1,482' 25' below 7" Casing, 5' of crushed stone and 10' of neat cement plug and 5' more crushed stone, sealing all water off Berea Sand

Pull 7" Casing and continue to fill with red mud to 860' a point above all salt water, Neat cement plug from 860' to 850' with 5' of crushed stone on top of cement plug,

Set a permanent Bridge at 450' a point below all fresh water,10' of neat cement with 5' of crushed stone, pull 8" Casing and continue to fill with red mud to surface, Erect marker such as is described in Rule 18,1931 Regulations

lr. dim Fack, denlin, A. Va. on Act. 5.

To the Department of Mines Coal Owner or Operator, Lease or Property Owner.

Gentlemen:

This "work order" is submitted for your approval and concurrence and unless notified of your disapproval or non-concurrence, the undersigned will proceed with the plugging and filling of said well in the above described manner on the date stated in the notice of intention to plug and abandon the said well on opposite side of this sheet.

Very truly yours,

Well Operator.

No objections have been filed by the coal owner or coal operator, or any available adjacent lease or property owners or interposed by the Department of Mines to the manner herein described for the plugging and filling of the well above mentioned. Therefore, the same is hereby approved /2023

2ND. day of HAMMARYX FEBRUARY 19 60

DEPARTMENT OF MINES Oil and Gas Division

NOTE: This "work order" shall be filed in triplicate, one copy for the files of the Department of Mines; one to be approved or corrected and returned to the well operator as his authority for plugging said well; and one for the well inspector.

Gentlemen:— 2h HOURS IN	ADVANCE OF PLUGGING DATE	

The undersigned well operator is about to abandon the above described well and will commence

the work of plugging and abandoning said well on the date inspector is notified (which date shall not be less than five days after the day on which this notice so mailed is received, or in due course should be received by the Department of Mines).

This notice is given you in order that your respective representatives may be present at the plugging and filling of said well. You are further notified that whether you are represented or not represented the undersigned will proceed on that date, or shortly thereafter, to plug and fill said well in the manner required by Section 10, Article 4, Chapter 22 of the Code and given in detail on the reverse side of this notice, in "Work Order."

This notice is being mailed by registered mail to each of you at the above addresses on the above date.

Very truly yours,

Well Operator.

NOTE: Upon to abancon wells drilled prior to June 1, 1929, a plat prepared by a registered engineer, showing to district and county in which the tract of land is located, the name and acreage of same, the names of the owners and adjacent tracts, and the location of the about to be abandoned well, determined by survey, and the courses additionates of such well from two permanent points or landmarks on said tract, shall be submitted with this notice.

NOTE: In case plugging is not commenced within four months from the above date, this permit shall expire and be of no further force or effect.
