R. G. Prichard, et al
OWNER OF MINERAL RIGHTS

Wayne County

Wayne, W. Va.
ADDRESS

Well No. 1 ^{38° 15'} _{82° 20' E. 858.78'}

Polly E. Stephens Farm
Elevation 913.46 Acres 38

GENTLEMEN:

The undersigned well operator is entitled to drill upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated August 8, 1963, made by R. G. Prichard et al, to Southern West Virginia Oil and Gas Corporation, and recorded on the 2nd day of December, 1963, in the office of the County Clerk for said County in Book 54, page 134.

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Code, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above named coal operators or coal owners at their above shown respective address _____ day _____ before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Very truly yours,

Southern West Virginia Oil
and Gas Corporation

STATE

*Section 3 . . . If no such objections be filed or be found by the department of mines, within said period of ten days from the receipt of said notice and plat by the department of mines, to said proposed location, the department shall forthwith issue to the well operator a drilling permit reciting the filing of such plat, that no objections have been made by the coal operators to the location, or found thereto by the department, and that the same is approved and the well operator authorized to proceed to drill at said location.

Permit No. WAY-11481

Gentlemen:

We have compiled a check list for completion records received in this office made up of omissions that we usually find on Form OG-10 and which are required by Law to be reported. Only the data checked will apply to your particular record.

- Cementing record from the Service Company. NONE
- Rock Pressure reading 110 lbs. Give time well was shut in to obtain rock pressure reading. (Hours) 24
- At what depth was fresh water logged? _____
- At what depth was salt water logged? _____
- What casing was used in drilling? _____
- What casing was left in the well? _____
- Was well fractured? No . Give details _____
- Initial open flow after treatment OPEN FLOW 39/10 W^m 2"
- When did drilling begin? _____ . When was drilling completed? _____

Please return this form with requested data as soon as possible.

Yours very truly,

Marie E. Gipfite
Executive Secretary
