Well No. (I)

Josephus Clark Hrs. Farm

GENTLEMEN:

The undersigned well operator is entitled to drill upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated August 14th 1934 and made by Lina Clark and others to C.C. McCormick, which lease is recorded in Oil and gas lease book 30 A, page 122, records of Wetzel County, and assigned by said C.C. McCormick to C.B. Lewis, said assignment bearing date August 27th 1935, and recorded on the 27 day of August 1935, in the office of the County Clerk for said County in

Book 30 A, page 121

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Act, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above

named coal operators or coal owners at their above shown respective address.....day.... before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Very truly yours,

Edna Lewis
Reviser and Executrix of the last will of C.B. Lewis, deceased.

Dear Sirs,
Please find enclosed log of a well drilled by the
Barl Drilling Co. on the Clark Heirs Farm. Magnolia
Dist. Wetzel Co. W.Va. That I bought and wish a permit
to abandon it. There is nothing in it but tubing and
six and five eights casing as you can see by the log
of the well. The log does not give drilling permit
No. or would give you that.

Thanking you I am very truly yours

Enclosed is approved Work Order for the plugging of Well No. 1 on the Josephus Clark Heirs Farm, Wetzel County. I have asked Mr. Starkey to get in touch with you when he is ready to begin this well.

I would appreciate your giving this well some personal attention; for one reason, there is some doubt about the Pittsburgh and Mapletown coal seams being marketable and because he apparently seems to know nothing at all about making an application for a Work Order or have any idea of how the work should be done.
