ADDRESS

Well No. 1 and 2 80° 40' Drill deeper

S.M. Shriver Farm

GENTLEMEN:

The undersigned well operator is entitled to drill <sup>deeper</sup> upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated 1/9/22., made by S.M. Shriver et al, to \_\_\_\_\_, and recorded on the \_\_\_\_\_ day of \_\_\_\_\_, in the office of the County Clerk for said County in Book 15 A, page 216

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Code, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten\* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above named coal operators or coal owners at their above shown respective address 3/9/42 day before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Very truly yours,

Shriver Oil & Gas Co.

\*Section 3 . . . . If no such objections be filed or be found by the department of mines, within said period of ten days from the receipt of said notice and plat by the department of mines, to said proposed location, the department shall forthwith issue to the well operator a drilling permit reciting the filing of such plat, that no objections have been made by the coal operators to the location, or found thereto by the department, and that the same is approved and the well operator authorized to proceed to drill at said location.

NOTE: If plugging cannot begin on the date specified below, please notify Oil and Gas Division, telephone 34-741.

Gentlemen:—

The undersigned well operator is about to abandon the above described well and will commence the

work of plugging and abandoning said well on the 20<sup>th</sup> day of May, 1944,  
(which date shall be not less than five days after the day on which this notice so mailed is received, or in due course should be received by the Department of Mines).

This notice is given you in order that your respective representatives may be present at the plugging and filling of said well. You are further notified that whether you are represented or not represented the undersigned will proceed on that date, or shortly thereafter, to plug and fill said well in the manner required by law.

This notice is being mailed by registered mail to each of you at the above addresses on the above date.

Very truly yours,

Shriver Oil and Gas Company,

*D. J. Church* Well Operator.

NOTE Upon the abandonment of all wells drilled prior to June 1, 1929, a plat prepared by a competent engineer, showing the district and county in which the tract of land is located, the name and acreage of same, the names of the owners of adjacent tracts, and the location of the about to be abandoned well, determined by survey, and the courses and distances of such well from two permanent points or landmarks on said tract, shall be submitted with this notice.

Attention: Dr. J. S. Church

Gentlemen:

We are in receipt of your application for permit to plug and abandon Well No. 2 on the S. M. Shriver Farm, Church District, Wetzel County, but you failed to send us a record of the well, without which we cannot make a work order.

Our records show that on March 20, 1942 we issued permit WET-276 for the deepening of this well. In January of 1943 our Inspector advised us that well would probably never be deepened and the permit was cancelled.

We would appreciate your advising us if the well was deepened and also sending us a record of the well from the surface to the total depth deepened on the enclosed forms OG-10.

Very truly yours,

Secretary  
OIL AND GAS DIVISION

Gentlemen:

Thank you for complete record of Well No. 1  
on the S. M. Shriver Farm, Church District, Wetzel County.

Inspector Hurley advises us that you are not sure  
you will drill Well No. 2 on the above tract and since per-  
mit has expired, same is being cancelled.

Should you decide later to drill the well, please  
advise and permit will be reinstated.

Very truly yours,

Secretary
