Center
.....District, Wetzel County, W. Va.
By South Penn Oil Co.

On W. side of Honey Run, 1/2 mi. N. of Onie

"In 1902 a large oil well (200 to 300 barrels) was completed by the South Penn Oil Company on the Mary E. White farm, near Dulany Post-office on ~~Dulany~~ ^{Honey} Run, a tributary of Little Fishing Creek, while early in 1903 another good well was drilled in on the A. G. Sidell farm, located on ~~Steeles~~ Run, more than a mile north from the White farm. The oil is found in both the Stray and Gordon Sands of Wetzel, and these two developments (which are ~~shown~~ classed under the head of 'Pine Grove field' in the oil well literature, although six to seven miles northeast from the town of Pine Grove) have led to the opening of a large and productive pool, mainly on the waters of Steeles Run, a tributary of Little Fishing Creek."
