COMPLETE ADDRESS

Wood Co. W. Va. 193  
PROPOSED LOCATION

Union District

Wood County

Well No. one

Myrtle White Farm

GENTLEMEN:

The undersigned well operator is entitled to drill upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated

Dec 10th, made by Myrtle White, to

Chas S Smith Lillian Smith, and recorded on the day

this lease is not on record at this date

of, in the office of the County Clerk for said County in

Book, page

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Act, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten\* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

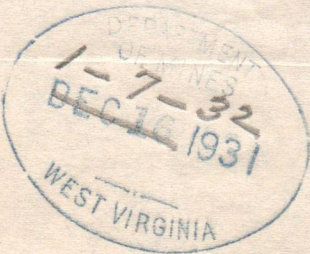

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above

named coal operators or coal owners at their above shown respective address day before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Very truly yours,

Chas S Smith Lillian Smith

Dear Sir:

We have your map of location of proposed well on the Myrtle White Farm, Wood County, in proper form but you failed to give the address of Myrtle White the owner of the mineral rights as requested in our letter of December 16, 1931.

Please let us have this address by return mail to avoid further delay.

Very truly yours,

Dear Madam:

A notice of a proposed location of oil or gas well No. 1 on the Myrtle White Farm, Union District, Wood County has been received from Charles S. Smith and Lillian Smith, Williamstown, West Virginia. A copy of this notice with an attached map should have been mailed you by the well operator.

If, from the location of the above proposed well, it is apparent that your interests are not properly protected, you should file your objection accompanied by a map showing the relation of said well to such interests on or before January 18, 1932.

Very truly yours,

Chief of Department of Mines

PROPOSED MANNER OF PLUGGING AND FILLING WELL  
(REQUIRED BY RULES AND REGULATIONS)

WEST VIRGINIA DEPARTMENT OF MINES  
OIL AND GAS DIVISION

WORK ORDER

Well to be plugged and filled as follows:

This well is to be plugged in accordance with  
Section 10 article 4 Chapter 22 of the code of  
West Virginia

WORK ORDER REVISED BY THE DEPARTMENT OF MINES:

Fill the hole with mud or clay from the bottom 1340' to 1240'-20'  
above the Salt Sand.

Set wood plug 1240' to 1237'

Cement 1237' to 1227' sealing hole completely.

Fill the hole with mud or clay 1227' to 915'-15' below the  
bottom of 6 5/8" casing.

Set wood plug 915' to 912'

Cement 912' to 902' sealing hole.

Remove 6 5/8" casing and fill the hole with mud, clay or  
cavings 902' to 210'-10' below the largest casing in the  
well.

Set wood plug 210' to 207'

Remove 8 1/4" casing and fill the hole with mud or clay to the  
Surface.

Erect a marker such as is described in Rule 18, 1931 Regulations.  
All be done in workman-like manner.

To the Department of Mines,  
Coal Owner or Operator,  
Lease or Property Owner.

Gentlemen:

This "work order" is submitted for your approval and concurrence and unless notified of your dis-  
approval or non-currence, the undersigned will proceed with the plugging and filling of said well in the  
above described manner on the date stated in the notice of intention to plug and abandon the said well  
on opposite side of this sheet.

Very truly yours,

Revision interposed by  
the Department of Mines.

*Thomas S. Smith*

Well Operator.

No objections have been filed by the coal owner or coal operator, or any available adjacent lease or  
property owners or ~~interposed by the Department of Mines~~ to the manner herein described for the plug-  
ging and filling of the well above mentioned. Therefore, the same is hereby approved this 8/15 day

of March, 1932

01/05/2024
