PROPOSED LOCATION

Walker

District

Wood

County

Well No. one

E. G. Morehead

Farm

GENTLEMEN:

The undersigned well operator is entitled to drill upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated Jan. 12 1934, made by E.G. Morehead and Mabel Morehead his wife, to John Leeton and H.L. Flanagan, and recorded on the 21st day of Feb. 1935, in the office of the County Clerk for said County in

Book 211, page 57

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Act, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten\* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above

named coal operators or coal owners at their above shown respective address NONE day... before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Very truly yours, John Leeton & H.L. Flanagan

MAR 6 1935

\*Section 3 . . . . . If no such objections be filed, or be found by the department of mines, within said period of ten days from the receipt of said notice and plat by the department of mines, to said proposed location, the department shall forthwith issue to the well operator a drilling permit reciting the filing of such plat, that no objections have been made by the coal operators to the location, or found thereto by the department, and that the same is approved and the well operator authorized to proceed to drill at said location.

March 6, 1935

John Leeton & H. L. Flanagan  
Cairo, West Virginia

Gentlemen:

Your notice of proposed well location  
No. 1 on the E. G. Morehead Farm was received March 6,  
1935.

No objections have been filed in the ten-day  
period subsequent to our receipt of your notice. Drilling  
permit is hereby issued and enclosed.

Just as soon as the well is completed, please  
fill out the enclosed blanks and return same to this office.

Very truly yours,

Chief of Department of Mines.

Mr. E. G. Morehead  
RFD #23  
Parkersburg, W. Va.

Dear Sir:

A notice of a proposed location of oil or gas well No. 1 on the E. G. Morehead Farm, Walker District, Wood County, has been received from John Leeton and H. L. Flanagan, Cairo, West Virginia. A copy of this notice with an attached map should have been mailed you by the well operator.

If, from the location of the above proposed well, it is apparent that your interests are not properly protected, you should file your objection on or before March 16, 1935.

Very truly yours,

Chief of Department of Mines.

Walker, W. Va.

Gentlemen:

Enclosed is copy of the well log for location  
No. 1 on the E. G. Moorehead Tract, Walker District, Wood  
County.

We must advise that this department does not  
provide a service of copying records for the operators as this  
would be an overwhelming job and for this reason, the law provides  
access to the operators to come in and copy any data in which they  
are interested. We are glad to oblige when we are not too rushed,  
but will appreciate, if in the future you will arrange to take care  
of these matters.

Very truly yours,

Administrative Assistant

Inspector to be notified **O.C. Howard , Grantsville, W.VA tele P, 108**  
**24hrs before Plugging date**

Gentlemen:—

The undersigned well operator is about to abandon the above described well and will commence  
**June, 29th 1953**

the work of plugging and abandoning said well on the date inspector is notified (which date shall not be less than five days after the day on which this notice so mailed is received, or in due course should be received by the Department of Mines).

This notice is given you in order that your respective representatives may be present at the plugging and filling of said well. You are further notified that whether you are represented or not represented the undersigned will proceed on that date, or shortly thereafter, to plug and fill said well in the manner required by Section 10, Article 4, Chapter 22 of the Code and given in detail on the reverse side of this notice, in "Work Order."

This notice is being mailed by registered mail to each of you at the above addresses on the above date.

Very truly yours,  
**Fiersol, Smith, Feick & Coss**

BY

*C. R. Piersol*

Well Operator.

NOTE: Upon the abandonment of all wells drilled prior to June 1, 1929, a plat prepared by a registered engineer showing the district and county in which the tract of land is located, the name and acreage of same, the names of the owners and adjacent tracts, and the location of the about to be abandoned well, determined by survey and the courses and distances of such well from two permanent points or landmarks on said tract, shall be submitted with this notice.

NOTE: In case plugging is not commenced within four months from the above date, this permit shall expire and be of no further force or effect.
