PROPOSED LOCATION

*2 mines* District

*Wood* County

Well No. *4*

*Monte Heirs* Farm

GENTLEMEN:

The undersigned well operator is entitled to drill upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated *1919*

made by *Tim Monte*, to

*Chas S Smith*, and recorded on the *28* day

of *April 1930*, in the office of the County Clerk for said County in

Book *168*, page *613*

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Act, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten\* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above

named coal operators or coal owners at their above shown respective address.....day.... before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Very truly yours,

*Chas S Smith*

PROPOSED LOCATION

Union \_\_\_\_\_ District

Wood \_\_\_\_\_ County

Well No. 4

McAtee Heirs \_\_\_\_\_ Farm

GENTLEMEN:

The undersigned well operator is entitled to drill upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated 1919, made by Tim McAtee, to Charles S. Smith, and recorded on the 28th day of April, 1920, in the office of the County Clerk for said County in Book 168, page 613.

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Code, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten\* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above named coal operators or coal owners at their above shown respective address \_\_\_\_\_ day \_\_\_\_\_ before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Mr. Charles S. Smith  
Williamstown, West Virginia

Dear Sir:

Permit Wco-51 to drill Well No. 4 on  
the McAtee Heirs Farm, Williams District, Wood County,  
is enclosed.

Please see that the drillers keep a  
correct and complete log of the well, giving depths  
at which water, and gas or oil are found and make a  
report to this department as soon as the well is  
completed.

Very truly yours,

OIL AND GAS DIVISION.

Mr. Charles S. Smith  
Route No. 1--Box 113  
Williamstown, West Virginia

Dear Sir:

In reply to your letter of April 14th, we wish to advise that it is necessary to have a permit to drill deeper and application should be made on the regular blanks and marked "Drill Deeper".

We find that you have filed a record for the original drilling and all your papers are in order together with tracing of the location and in order to facilitate matters we are making out your notice for you in this office and dating same as of today. If conditions have not changed since the original drilling and you are sure there can be no objections from any interested parties, you may proceed with the deepening and the formal permit will be issued in the regular ten days from today.

Very truly yours,

Secretary  
OIL AND GAS DIVISION
