August 29, 1946 Mr. Robert Schultheis Marietta, Chio Dear Mr. Schultheis: Confirming our telephone conversation this afternoon regarding your tracing showing the location of Well No. 10 on the L. C. and E. R. Rowell Farm, I am enclosing a sample map and a copy of the Oil and Cas Laws of this state. See page 23, rule No. 6. I am showing a sketch from the topographic sheet, showing the approximate location of this well from the intersection of latitude 390 20% and longitude 81° 28' and if the cross is used, it places the location south, giving a second location. The usual procedure with engineers is to make the tracing, giving all information required including roads and streams, then spot this well location on the topographic sheet; next place the tracing on the latitude and longitude nearest the 5-minute interval and make the cross over the well location. In this case the tracing would be placed on latitude 39° 25' and longitude 81° 25'. When we receive the tracing we can transfer the location to our topographic sheet in the same manner, using the roads and streams as further check. Very truly yours, Engineer OIL AND GAS DIVISION JRB:K Enol. 12/22/2023 Henderson Oil Co Maruetta, Otro —

Mr. J. R. Blackburn Engineer Oil and Gas Division

Dear Mr. Blackburn:

Confirming our telephone conversation August 29,1946 regarding my tracing showing the location of Well No. 10 on the L. C. and E. R. Rowell Farm, I am enclosing the tracing showing the location with reference to Latitude 39° 25' and Longitude 81° 25'.

I thank you very much for the sample drawing and the copy of Oil and Gas Laws of your state.

Very truly yours,

E-1 October 27, 1959 Mr. Robert A. Horner Nichols and Horner Cherry Street St. Marys, West Virginia Dear Mr. Horner: We have checked our files for entire Wood County since our records began and have no information of having issued a permit to drill Well No. 10 on Henry Owens Farm, Williams District, Wood County. In 1949, we issued a permit to plug Well No. 10 on H. M. Owens Farm to W. I. Gettman. The record for this well shows it was drilled more than forty years ago. Also shows it was plugged and abandoned. Can you advise us who drilled the well and could the farm name have been other than Henry Owens? If not, a tracing will have to be prepared and approximate total depth of the well given, if at all possible. Very truly yours, Crawford L.
