WVGES Privacy Notice for Customers

The West Virginia Geological and Economic Survey (WVGES) collects personal contact and credit card information from customers for the purposes of sending and receiving payment for maps, publications, or information the staff assembles and/or prepares at the customer's request. Delivery addresses for customers are required and personal contact information will be used only to prepare materials for shipping to the customer. Credit card information is collected only for the purpose of sales and will be stored after processing in a secure location at WVGES. Personal information will not be sold or distributed to third parties unrelated to the specific transaction.

The customer has the right to refuse to provide personal contact information for shipping; in that case, materials requested by the customer cannot be shipped and would have to be picked up on-site.
