WELL WORK PERMIT
Vertical / New Drill

MOUNTAINEER WELL SERVICES LLC
579 CAMPUS DR., SUITE 220

WESTERVILLE, OH 43082

Re: Permit approval for BELMONT #1
47-073-02663-00-00

This well work permit is evidence of permission granted to perform the specified well work at the location described on the attached pages and located on the attached plat, subject to the provisions of Chapter 22 of the West Virginia Code of 1931, as amended, and all rules and regulations promulgated thereunder, and to any additional specific conditions and provisions outlined in the pages attached hereto. Notification shall be given by the operator to the Oil and Gas Inspector at least 24 hours prior to the construction of roads, locations, and/or pits for any permitted work. In addition, the well operator shall notify the same inspector 24 hours before any actual well work is commenced and prior to running and cementing casing. Spills or emergency discharges must be promptly reported by the operator to 1-800-642-3074 and to the Oil and Gas Inspector.

Please be advised that form WR-35, Well Operators Report of Well Work is to be submitted to this office within 90 days of completion of permitted well work, as should form WR-34 Discharge Monitoring Report within 30 days of discharge of pits, if applicable. Failure to abide by all statutory and regulatory provisions governing all duties and operations hereunder may result in suspension or revocation of this permit and, in addition, may result in civil and/or criminal penalties being imposed upon the operators.

Per 35 CSR 4-5.2.g this permit will expire in two (2) years from the issue date unless permitted well work is commenced. If there are any questions, please feel free to contact me at (304) 926-0450.

H. Jason Harmon
Chief

Operator's Well Number: BELMONT #1
Farm Name: BLUE PEAK CAPITAL
U.S. WELL NUMBER: 47-073-02663-00-00
Vertical New Drill
Date Issued: 9/8/2026

Promoting a healthy environment.

PERMIT CONDITIONS

West Virginia Code §22-6-11 allows the Office of Oil and Gas to place specific conditions upon this permit. Permit conditions have the same effect as law. Failure to adhere to the specified permit conditions may result in enforcement action.

CONDITIONS

1. If the operator encounters an unanticipated void, or an anticipated void at an unanticipated depth, the operator shall notify the inspector within 24 hours. Modifications to the casing program may be necessary to comply with W. Va. Code §22-6-20, which requires drilling to a minimum depth of thirty feet below the bottom of the void, and installing a minimum of twenty (20) feet of casing. Under no circumstance should the operator drill more than fifty (50) feet below the bottom of the void or install less than twenty (20) feet of casing below the bottom of the void.
2. Pursuant to 35 CSR 4-19.1.a, at the request of the surface owner all water wells or springs within 1000 feet of the proposed well that are actually utilized for human consumption, domestic animals or other general use shall be sampled and analyzed.
3. Pursuant to 35 CSR 4-19.1.c, if the operator is unable to sample and analyze any water well or spring with one thousand (1,000) feet of the permitted well location, the Office of Oil and Gas requires the operator to sample, at a minimum, one water well or spring located between one thousand (1,000) feet and two thousand (2,000) feet of the permitted well location.
4. All pits must be lined with a minimum of 20 mil thickness synthetic liner.
5. In the event of an accident or explosion causing loss of life or serious personal injury in or about the well or while working on the well, the well operator or its contractor shall give notice, stating the particulars of the accident or explosion, to the oil and gas inspector and the Chief within twenty-four (24) hours.
6. During the surface casing and cementing process, in the event cement does not return to the surface, or any other casing string that is permitted to circulate cement to the surface and does not return to the surface, the oil and gas inspector shall be notified within twenty-four (24) hours.
7. Well work activities shall not constitute a hazard to the safety of persons.
8. Operator shall provide the Office of Oil & Gas notification of the date that drilling commenced on this well. Such notice shall be provided by sending an email to DEPOOGNotify@wv.gov within 30 days of commencement of drilling.
9. Notification shall be given by the operator to the Oil and Gas Inspector at least 24 hours prior to the construction of roads, locations and/or pits for any permitted work. In addition, the well operator shall notify the same inspector 24 hours before any actual well work is commenced and prior to running and cementing casing.

WW-2A Surface Waiver
(4/16)

SURFACE OWNER WAIVER

County 073Operator
Operator well numberMountaineer Well Services, LLC
4945426888**INSTRUCTIONS TO SURFACE OWNERS NAMED ON PAGE WW2-A**

The well operator named on page WW2A is applying for a permit from the State to do oil or gas well work. (Note: If the surface tract is owned by more than three persons, then these materials were served on you because your name appeared on the Sheriff's tax ticket on the land or because you actually occupy the surface tract. In either case, you may be the only owner who will actually receive these materials.) See Chapter 22 of the West Virginia Code. Well work permits are valid for 24 months. If you do not own any interest in the surface tract, please forward these materials to the true owner immediately if you know who it is. Also, please notify the well operator and the Office of Oil and Gas.

NOTE: YOU ARE NOT REQUIRED TO FILE ANY COMMENT.**WHERE TO FILE COMMENTS AND OBTAIN ADDITIONAL INFORMATION:**

Chief, Office of Oil and Gas
Department of Environmental Protection
601 57th St. SE
Charleston, WV 25304
(304) 926-0450

Time Limits and methods for filing comments. The law requires these materials to be served on or before the date the operator files his Application. You have **FIFTEEN (15) DAYS** after the filing date to file your comments. Comments must be filed in person or received in the mail by the Chief's office by the time stated above. You may call the Chief's office to be sure of the date. Check with your postmaster to ensure adequate delivery time or to arrange special expedited handling. If you have been contacted by the well operator and you have signed a "voluntary statement of no objection" to the planned work described in these materials, then the permit may be issued at any time.

Comments must be in writing. Your comments must include your name, address and telephone number, the well operator's name and well number and the approximate location of the proposed well site including district and county from the application. You may add other documents, such as sketches, maps or photographs to support your comments.

The Chief has the power to deny or condition a well work permit based on comments on the following grounds:

- 1) The proposed well work will constitute a hazard to the safety of persons.
- 2) The soil erosion and sediment control plan is not adequate or effective;
- 3) Damage would occur to publicly owned lands or resources;
- 4) The proposed well work fails to protect fresh water sources or supplies;
- 5) The applicant has committed a substantial violation of a previous permit or a substantial violation of one or more of the rules promulgated under Chapter 22, and has failed to abate or seek review of the violation.

If you want a copy of the permit as it is issued or a copy of the order denying the permit, you should request a copy from the Chief.

List of Water Testing Laboratories. The Office maintains a list of water testing laboratories which you can hire to test your water to establish water quality prior to and after drilling. Contact the Chief to obtain a copy.

VOLUNTARY STATEMENT OF NO OBJECTION

I hereby state that I have read the instructions to surface owners and that I have received copies of a Notice and Application for a Well Work Permit on Form WW2-A, and attachments consisting of pages 1 through ____ including a work order on Form WW2-B, a survey plat, WW-9, and a soil and erosion plan, all for proposed well work on my surface land as described therein.

I further state that I have no objection to the planned work described in these materials, and I have no objection to a permit being issued on those materials.

OIL, GAS & DISPOSAL WELL LEASE

This Oil, Gas & Disposal Well Lease ("**Lease**") made and entered into September 4, 2026, by and between **BluePeak Capital, LLC**, an Ohio limited liability company, whose mailing address is 579 Executive Campus Drive, Suite 220, Westerville, Ohio 43082 ("**Lessor**"), and **Mountaineer Services, LLC**, an Ohio limited liability company, whose mailing address is 579 Executive Campus Drive, Suite 220, Westerville, Ohio 43082 ("**Lessee**").

WITNESSETH, that Lessor, for one dollar, and other valuable consideration, the receipt of which is hereby acknowledged, and of the covenants and agreements hereinafter contained, does hereby:

- A. Lease to Lessee the land hereinafter described (the "**Premises**") to and including the depth of 9,000 feet below the surface with the exclusive right to explore by geophysical methods, to drill for, operate for, produce and gather by primary and secondary means and market all oil and gas and the constituent thereof produced in association therewith;
- B. Lease to Lessee the Premises for the purpose of drilling and operating one or more disposal and injection wells on the Premises;
- C. Lease to Lessee so much of the Premises as may be necessary or convenient for exploration, drilling, operating, producing, and gathering of oil and gas and the constituents thereof including the right to lay all necessary pipelines, build tank batteries and install meters for the measurement of gas and/or oil and the right to use sufficient oil, gas, and water from the lands in operations thereon, and the right to remove, at any time and any all property placed by Lessee in or upon said Premises; and,
- D. Lease to Lessee so much of the Premises as may be necessary or convenient for drilling and operating one or more disposal and injection wells on the Premises and to construct all necessary structures, tank batteries, pipelines, and other facilities associated therewith.

The Premises is described as followings:

Three (3) tracts or parcels of land situated along State Route 2, County Routes 2/5, 2/6, and 2/1, and the old St. Mary's Turnpike and on the waters of McElroys Run and the Ohio River Grant District, Pleasants County, West Virginia and more fully described in warranty deed from Rehl Estate Ltd to Lessor filed for record August 3, 2026 in Book 393, Page 270 and containing a net 50.63 acres after exceptions.

The Premises is assessed for taxation purposes upon the land books for Grant District, Pleasants County, West Virginia as follows: Account No 2-3-1 & 2-2-76 & 2-3-2; 2-300010000, 2-2-00760000 & 2-3-00020000.

TO HAVE AND TO HOLD said Premises for said purposes for a primary term of two (2) year(s) and so long thereafter as oil or gas or their constituents are produced in paying quantities from the Premises and/or Lessee operates one or more disposal and injection wells thereon.

1. Lessor shall be paid as royalties a proportional share of fifteen percent (15%) of the proceeds realized by the Lessee on all oil and gas sold off said lease, free of all costs of operation except taxes applicable thereto. In the event that all producing wells drilled hereunder are shut-in for any reason for more than one (1) continuous year, Lessee shall pay Lessor One Hundred Dollars (\$25.00) per acre per year shut-in royalty, commencing one year after shut-in, prorated for the time such wells are shut-in, and this lease shall continue in full force and effect as long as such payments are made.
2. Lessor shall also be paid as royalties a proportional share of fifteen percent (15%) of all oil skimmed off of each disposal well operated on the Premises.
3. Lessee shall drill, operate, produce, and maintain all producing wells and disposal wells in accordance with all applicable federal, state, and local, laws, rules, and regulations and shall maintain the Premises and all facilities places thereon by Lessee in a good state of appearance, and state of repair.

S 31-00-20 E 51.50 feet to a Point on southern Right-of-Way of said Route 2 being 40 feet from the centerline, thence continuing with said southern Right-of-Way of Route 2 for the next three (3) lines starting with a curve to the right;

Running 293.42 feet along said curve, having a radius of 22,280.00 feet and a chord bearing and distance of N 59-20-10 E 293.42 feet to a Point, thence;

N 30-17-40 W 5.00 feet to a Point 35 feet south of centerline, thence with a curve to the right;

Running 458.45 feet along said curve having a radius of 22,885.00 feet and a chord bearing and distance of N 60-16-40 E 458.44 feet to a Point 35 feet of centerline, from which 5/8-Inch Rebar, found with Pickering cap, corner to Betty C. Westbrook Estate's 0.16 acres bears N 13-11-50 W 67.04 feet and from which a 5/8-Inch Rebar found with no cap, corner to Cow Creek LLC's 0.347 acres bears N 54-26-40 E 40.97 feet, thence leaving said Right-of-Way of Route 2 and with said Cow Creek LLC;

S 13-11-50 E at 209.43 feet passing a 1-Inch Pipe, found on northern Right-of-Way of said Triplett street in old road bed of said old Route 2 and St. Mary's Turnpike, a total of 259.43 feet to the point beginning, containing 54.13 acres, more or less, minus 1.18 approximate acres of old St. Mary's Turnpike and old West Virginia State Route 2 Right-of-Way, 1.13 acres of current West Virginia State Route 2 Right-of-Way, and 1.19 acres of Rail Road Right-of-Way leaving 50.63 net acres more or less, as surveyed by SLS Land and Energy Development in June 2026 and shown on the PLAT OF SURVEY FOR BLUE PEAK CAPITAL attached hereto and made part of this description.

LSOT: Part of Deed Book 294, Page 310, dated December 10, 2013.

WV-69659-PARK

The real estate conveyed by this instrument is subject to all exceptions, reservations, easements, covenants, conditions, agreements, land use regulations, rights-of-way, restrictions, servitudes, municipal ordinances, prior out conveyances, prior conveyances of minerals and rights to extract the same, mineral severances and limitations of use as have been imposed upon such property by Grantor or the predecessors in title, or any governmental authority or estate, to the extent the same are now in effect.

The Grantor warrant that they have no knowledge or reason to believe that the subject property or its substrata contains an underground storage tank which is regulated by the provisions of the WV Underground Storage Tank Act, W. Va. Code Sec. 22-17-19.

The property described above is assessed for taxations purposes for the 2025 year upon the land books for Grant District, Pleasants County, West Virginia, as follows:

Account No. 2-3-1 & 2-2-76 & 2-3-2
Rehl Estate, LTD
2-3-00010000 & 2-2-00760000 & 2-3-00020000

DECLARATION OF CONSIDERATION OR VALUE

The undersigned hereby declares that the total consideration paid for the real estate conveyed by the document to which this declaration is attached is \$500,000.00.

NOTICE TO SURFACE OWNERS

The well operator named below is preparing to file for a permit from the state to drill a new well. Before a well work permit can be filed with the Chief of the Office of Oil and Gas, the well operator is required to have given notice of the right to request water well or spring analytical testing. This notice shall be given to the owners or occupants of land which have a water well or spring being utilized for human consumption, domestic animals, or other general use and which is located within 1000 feet of the proposed well site.

With this form, the operator is giving you notice of your right to request analytical testing. The operator is required to sample and analyze the water wells or springs of all owners or occupants who request it. Therefore, if you wish to have your water well or spring tested, contact the operator named below.

All sampling shall be completed prior to drilling. Within thirty (30) days of the receipt of such sample analyses the operator shall submit the results to the Chief of the Office of Oil and Gas and to the owners or occupants who may have requested them.

Be advised, you have the right to sample and analyze any water supply at your own expense.

Listed below is the laboratory chosen by operator to perform analysis, and contactor chosen to collect sample.

Certified Laboratory Name	<u>Pace Laboratories</u>	
Sampling Contractor	<u>SLS Land & Energy Development</u>	
		RECEIVED Office of Oil and Gas
Well Operator	<u>Mountaineer Well Services, LLC</u>	JUL 20 2026
Address	<u>579 Campus Drive, Suite 220</u>	
	<u>Westerville, Ohio 43082</u>	WV Department of
Telephone	<u>Steve McCrossin - (330) 763-3221</u>	Environmental Protection

FOR OPERATOR'S USE ONLY: Below, or on an attached page, list those persons which were given this notice. Place an asterisk beside the one(s) that contacted you and requested sampling and analyses. If there were no requests made, indicate by underling which one you have selected to sample and analyze. If there are no water wells or springs within 1000 feet of the proposed site, the Chief may require the operator to test wells up to 2000 feet from the proposed site.

FLUIDS/ CUTTINGS DISPOSAL & RECLAMATION PLAN

Operator Name Mountaineer Well Services, LLC OP Code 494526888

Watershed (HUC 10) Ohio River Quadrangle Willow Islands 7.5'

Do you anticipate using more than 5,000 bbls of water to complete the proposed well work? Yes ☐ No ☒

Will a pit be used? Yes ☒ No ☐

If so, please describe anticipated pit waste: Pit waste will be drilling fluids and well cuttings

Will a synthetic liner be used in the pit? Yes ☒ No ☐ If so, what ml.? 40 mil

Proposed Disposal Method For Treated Pit Wastes:

- ☐ Land Application (if selected provide a completed form WW-9-GPP)
☒ Underground Injection (UIC Permit Number UIC2D08510142)
☐ Reuse (at API Number _____)
☐ Off Site Disposal (Supply form WW-9 for disposal location)
☒ Other (Explain Pump out fluids and encapsulate well cuttings with cement and fold in liner)

Will closed loop system be used? If so, describe: _____

Drilling medium anticipated for this well (vertical and horizontal)? Air, freshwater, oil based, etc. Air, KCL water

-If oil based, what type? Synthetic, petroleum, etc. _____

Additives to be used in drilling medium? KCL and defoamer

Drill cuttings disposal method? Leave in pit, landfill, removed offsite, etc. Leave in pit and encapsulate.

-If left in pit and plan to solidify what medium will be used? (cement, lime, sawdust) _____

-Landfill or offsite name/permit number? _____

Permittee shall provide written notice to the Office of Oil and Gas of any load of drill cuttings or associated waste rejected at any West Virginia solid waste facility. The notice shall be provided within 24 hours of rejection and the permittee shall also disclose where it was properly disposed.

I certify that I understand and agree to the terms and conditions of the GENERAL WATER POLLUTION PERMIT issued on April 1, 2016, by the Office of Oil and Gas of the West Virginia Department of Environmental Protection. I understand that the provisions of the permit are enforceable by law. Violations of any term or condition of the general permit and/or other applicable law or regulation can lead to enforcement action.

I certify under penalty of law that I have personally examined and am familiar with the information submitted on this application form and all attachments thereto and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine or imprisonment.

STATE OF WEST VIRGINIA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
OFFICE OF OIL AND GAS
GROUNDWATER PROTECTION PLAN

Operator Name: Mountaineer Well Services, LLC

Watershed (HUC 10): Ohio River

Quad: Willow Islands 7.5'

Farm Name: Blue Peak Capital, LLC

1. List the procedures used for the treatment and discharge of fluids. Include a list of all operations that could contaminate the groundwater.

The entire well pad area will be underlain with liner and felt and then rig mats. All drilling fluids will be discharged into the 40 mil lined drilling pits (one reserve pit). Any spillage would be contained on plastic rig mats that are underlain by another 40-mil liner and felt pad. Any spills will be immediately cleaned up with absorbent pads and contained in trash roll-off box.

2. Describe procedures and equipment used to protect groundwater quality from the list of potential contaminant sources above.

After grading of the well pad site and graveling the site, felt and 40 mil liner will be underlain and then covered with plastic rig mats.

3. List the closest water body, distance to closest water body, and distance from closest Well Head Protection Area to the discharge area.

The closest body of water is the Ohio River which is approximately 1,320 feet to the west of the property. The proposed Belmont #1 well is outside the Source Water Protection Area of the Belmont Water Works.

RECEIVED
Office of Oil and Gas

JUL 20 2026

WV Department of
Environmental Protection

4. Summarize all activities at your facility that are already regulated for groundwater protection.

There are no current activities on the property that are regulated for groundwater protection.

5. Discuss any existing groundwater quality data for your facility or an adjacent property.

Page _____ of _____
API Number 47 - 073 - xxxxx
Operator's Well No. Belmont #1

All possible water purveyors within 1,320 feet will be notified and sampled if allowed by SLS Land & Energy Development and analysis will be supplied to the Office of Oil and Gas.

6. Provide a statement that no waste material will be used for deicing or fill material on the property.

No waste material will be used for deicing or fill material on the property.

7. Describe the groundwater protection instruction and training to be provided to the employees. Job procedures shall provide direction on how to prevent groundwater contamination.

All drilling contractor personnel and all subcontractors will be trained with Job Safety Analysis (JSAs) for each drilling shift and job procedures will be given to prevent groundwater contamination.

RECEIVED
Office of Oil and Gas

JUL 20 2026

WV Department of
Environmental Protection

8. Provide provisions and frequency for inspections of all GPP elements and equipment.

Inspections and operations of GPP elements and equipment will be 24/7 during all drilling and completion activities.

BG DG, LLC.
P.O. Box 1169
Center Harbor, NH 03226

SLS Land & Energy Development of Glenville, WV has been contracted by:

Mountaineer Well Services LLC

To do preliminary work for the proposed **Belmont #1** Underground injection well permit application. The West Virginia Division of Environmental Protection, Department of Oil and Gas, operators are required to offer water testing for water wells or other non-public water sources that fall within 1,320 feet of the proposed well. This test will only help ensure the water quality control, which in turn benefits you as the resident or landowner.

Since your tax parcel falls within the 1,320-foot radius, you are entitled to have your potable water source(s) sampled and analyzed at an independent lab. Your lab analysis results would then be mailed to your home. This is done at no expense to you.

Please notify SLS Land & Energy Development immediately if you are interested in having your potable water tested. Please have this letter with you at the time of contact so that the client and well number may be referenced. Thank you for your cooperation in this matter. I look forward to hearing from you at your earliest convenience. If you have any questions, please feel free to contact me at:

PLEASANTS COUNTY, GRANT DISTRICT

TAX MAP 2 PARCEL 70 & 71

Joann Hicks
84 McElroy Rd.
St. Mary's, WV 26170

SLS Land & Energy Development of Glenville, WV has been contracted by:

Mountaineer Well Services LLC

To do preliminary work for the proposed **Belmont #1** Underground injection well permit application. The West Virginia Division of Environmental Protection, Department of Oil and Gas, operators are required to offer water testing for water wells or other non-public water sources that fall within 1,320 feet of the proposed well. This test will only help ensure the water quality control, which in turn benefits you as the resident or landowner.

Since your tax parcel falls within the 1,320-foot radius, you are entitled to have your potable water source(s) sampled and analyzed at an independent lab. Your lab analysis results would then be mailed to your home. This is done at no expense to you.

Please notify SLS Land & Energy Development immediately if you are interested in having your potable water tested. Please have this letter with you at the time of contact so that the client and well number may be referenced. Thank you for your cooperation in this matter. I look forward to hearing from you at your earliest convenience. If you have any questions, please feel free to contact me at:

Charleston, WV 25304

**RE: WW-2B Application and Additional Documents to Drill a New Well, Belmont #1,
Pleasants County, West Virginia**

Dear Taylor:

Please find attached the completed application WW-2B for drilling a new well, the Belmont #1 along with the mylar plat map and letters sent out to all potential water well owners within 1,320 feet. Once you have received the application, let me know as we will pay the \$550.00 application fee by credit card. I don't know if we can pay the bond by credit card, and if not, we will overnight the \$5,000 cashier's check.

If you have any questions regarding this matter, please feel free to contact me at (614) 940-3521 or e-mail me at ttomastik@all-llc.com.

Sincerely,

Tom Tomastik, Chief Geologist and Regulatory Specialist
